

# Political

- **Louis XIV**
  - Versailles
  - Ended Estates General, limited Parlements, and arrested opposition
  - Corvees – forced labor as a tax
  - Edict of Fountanbleau – ended toleration of Huguenots
  - Suppressed Jansenists (Catholics with Calvinist ideas)
  - More advanced Mercantilism under Jean Baptiste Colbert

# Louis Xiv And The Parlements

**Arthur Hassall**

## **Louis XIV And The Parlements:**

**Louis XIV and the Parlements** John J. Hurt, 2004-09-04 The first scholarly study of the political and economic relationship between Louis XIV and the parlements of France the Parlement of Paris and all the provincial tribunals calling into question current revisionist understanding of Louis XIV *Louis XIV and the Parlements* John Jeter Hurt, 2002 This study calls into question the current revisionist understanding of the reign of Louis XIV and insists that after all absolute government had a harsh reality at its core Based upon extensive archival research Louis XIV and the parlements will be of interest to all students of the history of early modern France and the monarchies of Europe John J Hurt is Associate Professor of History at the University of Delaware **BOOK JACKET** **Conseil Prive and the Parlements in the Age of Louis XIV** Albert N. Hamscher, 1987-01-01 This vol while encompassing the entire reign of Louis XIV all the parlements of the realm has the narrow focus of investigating the impact of royal policy on the judicial authority of the parlements as revealed in their relations with the king s councils notably the one that specialized in judicial affairs the Conseil Prive This is above all a study of the evolution of conciliar jurisprudence judicial procedure as much an exercise in what the French call l histoire du droit as an opportunity to observe in a novel way the resolution of some of the most pressing political problems in the Age of Louis XIV But the overall aim is to understand the practical consequences of royal absolutism for the kingdom s highest judicial institutions Provincial Power and Absolute Monarchy Julian Swann, 2003-08-21 This is the first book in English to study the history of the Estates General of Burgundy during the classic period of absolute monarchy Although not a representative institution in any modern sense the Estates were constantly engaged in a process of bargaining with the French crown and this book examines that relationship under the ancien r gime Julian Swann analyses the organisation membership and powers of the Estates and explores their administration their struggles for power with rival institutions and their relationship with the crown and with the Burgundian people The Estates proved remarkably resilient when confronted by the challenges posed by the Bourbon monarchy and by the reign of Louis XVI they were seemingly more powerful than ever However the desire to protect their privileges and to extend their authority had not been accompanied by an attempt to forge a meaningful relationship with the people they claimed to serve **France, 1500-1715** Alastair Armstrong, 2003 Heinemann Advanced History offers a differentiation strategy with books covering AS and A2 Exam preparation includes practice questions advice on what makes a good answer and help for students on interpreting questions and planning essays Exile, Imprisonment, or Death Julian Swann, 2016-12-22 On the accession of Louis XIII in 1610 following the assassination of his father the Bourbon dynasty stood on unstable foundations For all of Henri IV s undoubted achievements he had left his son a realm that was still prey to the ambitions of an aristocracy that possessed independent military force and was prepared to resort to violence and vendetta in order to defend its interests and honour To establish his personal authority Louis XIII was forced to resort to conspiracy and murder and even then his authority was constantly challenged Yet a little over a century later as the

reign of Louis XIV drew to a close such disobedience was impossible. Instead a simple royal command expressing the sovereign's disgrace was sufficient to compel the most powerful men and women in the kingdom to submit to imprisonment or internal exile without a trial or an opportunity to justify their conduct abandoning their normal lives leaving families careers offices and possessions behind in obedience to their sovereign. To explain that transformation this volume examines the development of this new politics of disgrace why it emerged how it was conceptualised the conventions that governed its use and reactions to it not only from the perspective of the monarch and his noble subjects but also the great corporations of the realm and the wider public. Although that new model of disgrace proved remarkably successful influencing the ideas and actions of the dominant social elites it was nevertheless contested and the critique of disgrace connects to the second aim of this work which is to use shifting attitudes to the practice as a means of investigating the nature of Old Regime political culture and some of the dramatic and profound changes it experienced in the years separating Louis XIII's dramatic seizure of power from the French Revolution.

**Great Jurists of the World** Sir John Macdonell, 1914     *The History of the Wars which Arose Out of the French Revolution*: Alexander Stephens, 1886     **The Continental Legal History Series**, 1914

**A History of the French Revolution** Henry Morse Stephens, 1886     **The Balance of Power 1715-1789** Arthur Hassall, 1925     **The Encyclopedia Americana**, 1927     **A History of France, to 1852 [by W.H. Jervis]. By W.H. Jervis** William Henley Jervis, 1898     **A History of France from the Earliest Times to the Fall of the Second Empire in 1870** William Henley Jervis, 1898     *Columbia University Course in Literature*, 1928     **The Budget** René Stourm, 1917

Studies in Administration Brookings Institution. Institute for Government Research, 1917     Rationalism, Pluralism, and Freedom Jacob T. Levy, 2015 This book offers an original account of the history of liberal thought one grounded in an institutional history of medieval pluralism and the early modern rationalizing state and explores the deep tensions that liberal political thought rests upon
