Louis Macneice Writers And Their Work:

Collected Poems Louis MacNeice, 2015-04-09 In the decades since his death in 1963 Louis MacNeice's reputation as a poet and indeed amongst poets has grown steadily and there are now several generations of readers in Ireland Britain and beyond for whom he is one of the essential poets of the twentieth century His work has also received increasing attention from academic writers and students For both readers and critics the nature of MacNeice's poetic work as a whole is a matter of importance and the second posthumous Collected Poems entirely re edited by Peter McDonald attempts for the first time to print MacNeice's poetry in groupings corresponding closely to the collections published by Faber between 1935 and 1963 This makes it easier to read the poet in the published forms in which he was read by his contemporaries In choosing to re create the environments of MacNeice's individual volumes of poetry moreover this new Collected reflects the opinion that MacNeice works best in and through those separate volumes particularly so in the brilliant return to form and unique kinds of return on lyric form itself of the last three collections The texts of the poems in the new edition are based on a comparison of all printed versions as revised in the light of the poet's later thoughts This has resulted in a large number of changes It is hoped that the present edition presents MacNeice's poetry more accurately as well as more fully than all previous collections The new Collected Poems also includes as appendices The Last Ditch the short book of poems which MacNeice published with the Cuala Press in 1940 and The Revenant a cycle of songs written for MacNeice's wife the singer Hedli Anderson a selection of uncollected early poems and from Blind Fireworks MacNeice's first published book of verse

Letters of Louis MacNeice Louis MacNeice, 2014-11-20 Louis MacNeice is increasingly recognised as one of the greatest poets of the twentieth century and his work has been a defining influence upon a generation of Irish poets that includes Derek Mahon Michael Longley and Paul Muldoon The Selected Letters is indispensable as a resource for an understanding of the intellectual culture of the mid

twentieth century A Classics don poet playwright and globetrotting BBC producer the medley and blend of MacNeice's cultural influences seems exemplary in its modernity He kept up a significant correspondence with E R Dodds Anthony Blunt and T S Eliot to name but three prominent figures of the time During his time at the BBC MacNeice witnessed many key events including the partition of India in 1947 and the independence of the Gold Coast from Britain in 1957 and these are recorded in two long sequences to his wife the singer Hedli Anderson His complex relationship to Ireland and to his Irish heritages speak resonantly to contemporary debates about Irish and Northern Irish cultural identity Finally the Letters will do much to broaden our understanding of a vivid and often enigmatic personality whose varied life and individual charisma have often resisted explanation

The Problem of Consciousness in Modern Poetry Hugh Underhill, 1992-07-31 Modernist aesthetics have been identified with a sense of cultural crisis defined by its distance from an ideal of unified consciousness This original study examines the struggle toward that ideal of unitary subjective experience in modern British and Irish poetry from Hardy to Ted Hughes Hugh Underhill argues that the poetry's emphasis on inner states underrepresents the extent to which the crisis is in fact socio historically determined

Selected Prose of Louis MacNeice Louis MacNeice, 1990 This is the second of two

collections of MacNeice's prose writings prepared by Alan Heuser. The first concentrating on his literary criticism came out in 1987, still available from OUP. The present collection will be of interest to a wider readership since it covers the sweep of MacNeice's many ardently pursued interests outside the strictly literary: philosophy and travel history, autobiography, Ireland, the country of his birth and one of the mainsprings of his writing of both prose and poetry, India, Greece and rugby football. The volume also contains the London letters written during the Blitz and a previously unpublished piece, 'Northern Ireland and her People'. These writings convey the visual perceptiveness, humour, seriousness and enthusiasm of MacNeice's personality and poetry; they are more than simply reflections of the decades in which they were written, from the thirties to the early sixties, revealing MacNeice's particular gifts as a writer and throwing light on his personality and preoccupations. The complete bibliography of the shorter prose included in *Selected Literary Criticism of Louis MacNeice* is repeated here and there is annotation and an index. This title also appears in the Oxford General Books catalogue for Autumn 1990.

The Collected Poems of Louis MacNeice Louis MacNeice, 1967. Early in his career MacNeice was identified with a group of politically committed poets whose work appeared in Michael Roberts's anthology *New Signatures*. MacNeice drew many of the texts for *Modern Poetry: A Personal Essay* from the New Signature poets. *Modern Poetry* was MacNeice's plea for an impure poetry expressive of the poet's immediate interests and his sense of the natural and the social world. Despite his association with young British poets Stephen Spender, W. H. Auden, writer Christopher Isherwood and other left-wing poets, MacNeice was as mistrustful of political programs as he was of philosophical systems. In the decades since his death in 1963, Louis MacNeice's reputation as a poet and indeed amongst poets has grown steadily and there are now several generations of readers in Ireland, Britain and beyond for whom he is one of the essential poets of the twentieth century. His work has also received increasing attention from academic writers and students. For both readers and critics, the nature of MacNeice's poetic work as a whole is a matter of importance, particularly so in the brilliant return to form and unique kinds of return on lyric form itself.

The Oxford Handbook of Modern Irish Poetry Fran Brearton, Alan Gillis, 2012-10-25. Forty chapters written by leading scholars across the world describe the latest thinking on modern Irish poetry. The Handbook begins with a consideration of Yeats's early work and the legacy of the 19th century. The broadly chronological areas which follow, covering the period from the 1910s through to the 21st century, allow scope for coverage of key poetic voices in Ireland in their historical and political context. From the experimentalism of Beckett, MacGreevy and others of the modernist generation to the refashioning of Yeats's Ireland on the part of poets such as MacNeice, Kavanagh and Clarke, mid-century through to the controversially titled post-1969 Northern Renaissance of poetry, this volume will provide extensive coverage of the key movements of the modern period. The Handbook covers the work of, among others, Paul Durcan, Thomas Kinsella, Brendan Kennelly, Seamus Heaney, Paul Muldoon, Michael Longley, Medbh McGuckian and Ciaran Carson. The thematic sections interspersed throughout chapters on women's poetry, religion, translation, painting, music, stylistics, allow for comparative

studies of poets north and south across the century Central to the guiding spirit of this project is the Handbook's consideration of poetic forms and a number of essays explore the generic diversity of poetry in Ireland its various manipulations reinventions and sometimes repudiations of traditional forms The last essays in the book examine the work of a new generation of poets from Ireland concentrating on work published in the last two decades by Justin Quinn Leontia Flynn Sinead Morrissey David Wheatley Vona Groarke and others *Louis MacNeice* Peter McDonald, 1991 Since his death in 1963 Louis MacNeice's critical standing has risen steadily This new study addresses the contexts of MacNeice's writings which are of greatest relevance to his place in modern poetry his problematic and still controversial relationship with Ireland and his significance for the understanding of the largely English thirties generation with which he is often identified The influence of these contexts upon the nature of MacNeice's poetic development is studied in detail here together with the important questions of his relation to Yeats and Modernism The book examines MacNeice's conception of parable as key imaginative response to these influences and it includes the first study of the poet's revealing and little known early writings Peter McDonald demonstrates that MacNeice is a central figure in modern Irish and British poetry of greater substantial complexity than is often thought and suggests that his through his work we should see its contexts in a challenging new light
