Buy It Right NOW and let your customers get addicted to this **RELATIONSHIP ADVICE** Book. *Love, Sex, and Romance* Sergio Garcia, 2003-02 We spend so much time worrying about the little things in life money, objects, bills, insignificant things really. We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love, health, family and friends. We allow these trivial things to constantly overwhelm us and

worry us sick We always wish for the future as opposed to rejoicing in the present and appreciating life for what it truly is a gift an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality a reality we fail to see without love We fail to see the true beauty of life the beauty of a brand new morning the beauty of a butterfly resting in a rose or the sweet melodies the bird sing Instead we focus on the petty things and by so doing we keep ourselves from achieving the true happiness we seek Time and time again I have encountered unhappiness in life and particularly in relationships People do not understand why their relationships are not going in the right direction People wonder why they are not as happy as they wish they could be and usually the reason for this is not an insurmountable one This unhappiness is mostly caused by a lack of communication lack of trust lack of honesty lack of attention or understanding Sometimes a combination of these prevents us from achieving true happiness but they can be overcome and with my help and your willingness to change you will achieve just that These problems unfortunately are very common but there is a solution a simple solution I want to share with you I want to change the status quo by providing you with the tools you will need to overcome these problems I want to provide you with the tools you need to more successfully approach your love interest to better deal with your significant other and to even improve your marriage and everyday life I will show you how to communicate appreciate and better understand your partner above all I will help you love again The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love a feeling that should never disappear It should evolve and become more objective but no less beautiful the flame of love should never vanish The honeymoon period whether you are married or have just entered into your first relationship should not fade and pass it should just transform and it can It will require a little effort and awareness of each other's preferences but remember all worthwhile endeavors do The origin of this book then rests in the predominant lack of understanding between the sexes in the predominant complaint My boyfriend pays more attention to his car than to me as well as My wife is always nagging no matter what I do she's never happy The origin of this book is due to the strong belief that I can change that that I can provide you the reader with a happy medium I strongly believe that I can show you how to meet halfway and become a happier person and a happier couple in the process I believe that I can help change those statements to something more positive I believe I can change those statements to something like my boyfriend enjoys spending time working on his car but he loves me I'm the most important thing in his life or my wife is the greatest she knows how much I love her and she knows any opportunity I get I want to be with her because I'm the most important person in her life Myabe you noticed the use of thing and person and that is a purposeful mistake as you will soon learn [Love and Sex in a New Relationship](#) Cate Campbell, 2018-01-12 Love and Sex in a New Relationship explores leaving a long relationship and starting a new one with all the complexities that entails Using her experience as a relationship therapist Cate Campbell takes the reader through the journey of loss and renewal examining the dynamics involved in the end and beginning of a relationship and how to give new relationships the best chance of survival Focusing on

three main relationship issues the book considers how to end a relationship and manage ongoing contact with an ex how to understand what went wrong in previous relationships and how to overcome everyday relationship problems and make relationships thrive Taking into account the effect of technology and social media and how to make online dating work the book offers a distinctly modern take on relationships Similarly the spectrum of sexuality gender and sexual relationships is addressed with many different examples included throughout the book With practical advice case studies quizzes and exercises to help identify and remedy a variety of problems that can occur at any stage of a relationship Love and Sex in a New Relationship will provide an essential resource for relationship counsellors and their clients *Sex, Dating, and Love*
