Love Ecstasy In Arabian Poetry:

The Literature of Ecstasy Albert Mordell,1921 **Trends and Movements in Modern Arabic Poetry** Salma Khadra Jayyusi,1977 *Hispano-Arabic Literature and the Early Provencal Lyrics* J. A. Abu-Haidar,2013-12-16 As the distinctive contribution of Islamic Spain to Arabic literature the strophic muwashshah and zajal are still viewed by some as a development from putative Romance prototypes No less than seven theories of origin of the Provencal lyrics have been proffered foremost among them being the Arabic origins theory This book lets the strophic muwashshah tell its own tale of a natural development in the context of classical Arabic literature **Representations of the Divine in Arabic Poetry**,2021-11-22 In Islam the fascination for the word is as vigorous as in Judaism and in Christianity but an extra dimension is that the revealed text the Koran is considered to be verbatim the word of the Almighty Himself thereby providing the Arabic language with just an extra quality No wonder that throughout Islamic history the study of the word the Koran the prophet's utterances and the interpretation of both has become the main axis of knowledge and education As a consequence the intellectuals and also the poets in Islamic culture were thoroughly familiar with religious terms and the phraseology of a language which was highly esteemed because of the divine origin with which it was associated No wonder therefore that allusions to religious texts can be found throughout Arabic literature both classical and modern The subject of this volume is the representation of the divine in Arabic poetry be it the experience of the divine as expressed by poets or the use of imagery coined by religion *Abū al-Qāsim al-Shābbī's Arab Poetic Imagination* Ronak Husni,2024-12-30 This timely book critically evaluates the life work and milieu of the Tunisian poet Ab al Qāsim al Shābbī 1909-1934 providing translations and detailed commentaries around his seminal work *al Khayl al Shirinda* *Arab Poetic Imagination* The volume delves into the profound essence of one of Tunisia's most iconic poets a seminal figure in Arab literary modernism celebrated for his fervent and transformative verses that continue to inspire audiences worldwide far surpassing the boundaries of the Arab speaking realm This book not only presents meticulous translations of al Shābbī's significant poetic works but also analyses the recurring themes and styles that define his oeuvre offering insights into his lasting impact The book contextualises al Shābbī within the socio-political turbulence of early 20th century Tunisia a period marked by profound changes that shaped his artistic outlook It explores his deep engagement with both romantic and modernist motifs seamlessly weaving together elements of nationalism existentialist conflict and a steadfast vision for a liberated Arab world Furthermore the critical commentaries in the book illuminate the array of poets and philosophical concepts that al Shābbī references directing readers to additional resources on both Arab and Western literary figures he discusses enriching our appreciation of his intellectual interplay and deepening our understanding of his scholarly pursuits This volume will be of pivotal interest for scholars students and academics of Modern and Classical Arabic Literature as well as those with an interest in these topic areas more generally **Arabic Literature in the Post-Classical Period** Roger Allen,D. S. Richards,2006-04-13 The final volume of

The Cambridge History of Arabic Literature explores the Arabic literary heritage of the little known period from the twelfth to the beginning of the nineteenth century Even though it was during this time that the famous Thousand and One Nights was composed very little has been written on the literature of the period generally In this volume Roger Allen and Donald Richards bring together some of the most distinguished scholars in the field to rectify the situation The volume is divided into parts with the traditions of poetry and prose covered separately within both their elite and popular contexts The last two sections are devoted to drama and the indigenous tradition of literary criticism As the only work of its kind in English covering the post classical period this book promises to be a unique resource for students and scholars of Arabic literature for many years to come
