

Mount Kenya

Iain Allan, John Mitchell

Mount Kenya:

Facing Mount Kenya Jomo Kenyatta, 1978-12-29 *Facing Mount Kenya* first published in 1938 is a monograph on the life and customs of the Gikuyu people of central Kenya prior to their contact with Europeans. It is unique in anthropological literature for it gives an account of the social institutions and religious rites of an African people permeated by the emotions that give to customs and observances their meaning. It is characterised by both insight and a tinge of romanticism. The author, proud of his African blood and ways of thought, takes the reader through a thorough and clear picture of Gikuyu life and customs, painting an almost utopian picture of their social norms and the sophisticated codes by which all aspects of the society were governed. This book is one of a kind capturing and documenting traditions fast disappearing. It is therefore a must read for all who want to learn about African culture.

Glaciers, Nature, Water, and Local Community in Mount Kenya Kazuharu Mizuno, Yuya Otani, 2022-03-18 This book describes the challenges for the natural environments and local communities in the future. Among the high mountains of Africa, only Kilimanjaro, Mount Kenya, and the Rwenzori Mountains are still capped with glaciers. The retreating rate of these glaciers has accelerated, and they are expected to disappear in the near future. In the area around Mount Kenya, the precipitation is generally low such that rainfall cannot stably supply water for farmlands and daily life. It has been revealed that the glacial meltwater has produced springs at the foot of the mountain. It is therefore important to characterize the condition of water sources near Mount Kenya for use by local people. This book discusses the relationships between the actual state of the climate and glacier shrinkage around Mount Kenya, the surrounding vegetation, soil, and water environments, and the lives of the foothill region inhabitants confronting the glacier shrinkage. This book is valuable in the contemporary age when the assurance of a sustainable relationship between nature and mankind is critical.

No Picnic on Mount Kenya Felice Benuzzi, 2015-11-12 A rediscovered mountaineering classic and the extraordinary true story of a daring escape up Mount Kenya by three prisoners of war. When the clouds covering Mount Kenya part one morning to reveal its towering peaks for the first time, prisoner of war Felice Benuzzi is transfixed. The tedium of camp life is broken by the beginnings of a sudden idea, an outrageous, dangerous, brilliant idea. There are not many people who would break out of a P O W camp, trek for days across perilous terrain, before climbing the north face of Mount Kenya with improvised equipment, meagre rations, and with a picture of the mountain on a tin of beef among their more accurate guides. There are probably fewer still who would break back in to the camp on their return. But this is the remarkable story of three such men. *No Picnic on Mount Kenya* is a powerful testament to the human spirit of revolt and adventure in even the darkest of places. The history of mountaineering can hardly present a parallel to this mad but thrilling escapade. *Saturday Review* A most extraordinary prisoner of war and escape story. *New Yorker* A mad venture and a gallant tribute to man's deep yearning for freedom. *Kirkus Reviews* The book crackles with the same dry humour as its title. It contains the prison yard bartering and candlelight stitching that mark a classic jailbreak yarn, the encounters with wild
