Mountain Meditations Mark Stephen

Taylor,2015-03-02 This particular book was designed especially for all hikers who have a love of the high country The volume contains daily meditations quite carefully selected from the Bible and arranged in a manner so as to teach enlighten and bring inspiration along the high trails This is indeed a perpetual volume in that it never ceases to encourage The words of God endure forever and so new insights are gleaned each time that we read through them time after time My personal wanderings into the high country were and continue to be my best times with God alone or with others It is there where I can so vividly encounter the wonders of His creation My varied experiences and the grace of God have allowed me to indeed behold the supernatural through the natural amidst the high rocks and among the vast captivating desert landscapes as well The Scriptures that I have selected for this devotional are like a mere drop of water in a heavy downpour of rain Yet a single drop of water in a barren wasteland would be a find of great significance to one who is truly thirsty one who yearns for

meaningful and satisfying enlightenment I hope that you will choose to carry this edition of Mountain Meditations along with you in your day pouch or backpack the very next time you hike the high trails or any trails for that matter It can open your eyes to many things as you associate the wonders around you with the entirely spiritual Biblical precepts that you are about to read meditate upon and gain insight from each day There is no human philosophy nor Biblical commentary associated with this volume The Scriptures are the greatest treasure on earth and in and of themselves serve to arouse the heart and stimulate ones thinking along the trail to maturity nothing else is needed They are the pot of gold at the end of the rainbow Have a great journey Forty Days on the Mountain Stephen E. Smallman,Stephen Smallman,2007 These thoughtful meditations on knowing God will aid readers in understanding and embracing what God reveals about himself in his Word

**Meditations on the Peaks** Julius Evola, 1998-02-01 Evola articulates the close relationship between the physical rigors of mountain climbing and the ascent of the initiate toward self

transcendence Julius Evola a leading exponent of esoteric thought was also an ardent mountain climber who personally scaled the peaks of the Tyrols Alps and Dolomites For Evola the physical conquest of a mountain with all the courage self transcendence and mental lucidity that it entails becomes an inseparable and complementary part of spiritual awakening It is no coincidence that many ancient cultures chose mountains as the abodes of their gods and considered the rigorous ascent of peaks as the task of heroes and initiates In modern times which tend to suffocate the heroic with naked self interest the mountain still forms part of the profound dimension of spirit where the soul finds within itself more than what it thought itself to be In *Meditations on the Peaks* Evola combines recollections of his own experiences with reflections on other inspirational men and women who shared his view of the transcendent greatness of mountains
