## Mountain Splendour:

**Island Alpine** Philip Stone,2014-09-02 Island Alpine is the first comprehensive guidebook to the mountains of Vancouver Island and Strathcona Park. Featuring over 275 Island peaks clearly illustrated by more than 550 photographs showing hiking, scrambling and climbing routes. Island Alpine is the long awaited Island hiker's and mountaineer's bible. [Climbing and Exploration in the Karakoram-Himalayas](#) Sir William Martin Conway,1894 [Poems to the Child-God](#) Kenneth E.

Bryant,2024-06-14 Poems to the Child God is the first full length study in English of the verse of Surdas or Sur traditionally ranked among the three greatest poets writing in Hindi. Combining introduction, critical study and annotated translation in a single volume, this work introduces the general reader to a major sixteenth century mystic poet best known for his lyrics in praise of the child god Krsna Krishna and proposes to both specialists and general readers a way of reading Sur's verse significantly different from that found in traditional critical approaches. A general introduction provides an overview of the poet's life and time, the religious and literary milieu that informed his work and the mythology associated with his chosen deity Krsna. Part 1 looks closely at individual verses from the Sursagar examining the ways in which the poet manipulates the structures of language, poetic convention and mythology to develop a theme central to the literature of Krsna worship: the irony of incarnation. It is Bryant's argument that the irony of a child who never stops growing beyond manhood and into godhood, seldom glimpsing the still more awesome truth that he is and has always been, the source and substance of the universe. Part 2 presents an anthology of Sur's verse in English translation. The poems have been arranged to portray the Krsna tale as Sur understood it. Sectional introductions provide the reader with the classical outlines of the tale and point out where the poet made alterations or embellishments of his own. A set of notes on the translations and a glossary of potentially unfamiliar terms and characters further assist the Western reader in approaching the work of a major figure in the religious and literary history of India. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1978. [The Life of Jesus, Critically Examined](#) David Friedrich Strauss,1913 [The Epic of Mount Everest](#) Sir Francis Edward Younghusband,1926 Separate descriptions of the three Mount Everest expeditions have already been written by those who took part in them and have been published in the three books Mount Everest: the reconnaissance 1921; The assault on Mount Everest 1922; and The fight for Everest 1924. The present volume purports to be a condensed description of the three expeditions. It is based on the above named publications. Pref. **Samuel Johnson's Pragmatism and Imagination** Stefka Ritchie,2018-11-07 The central theme of this book is an under-studied link between the canon of Francis Bacon's and Isaac Newton's scientific and philosophical thought and Samuel Johnson's critical approach that can be traced in a textual study of his literary works. The interpretive framework adopted here encourages familiarity.

with the history and philosophy of science confirming that the history of ideas is an entirely human construct that constitutes an integral part of intellectual history This further endorses the argument that intermediality can only be of benefit to future research into the richness of Johnson s literary style As perceived boundaries are crossed between conventionally distinct communication media the profile of Johnson that emerges is of a writer of passionate intelligence who was able to combine a pragmatic approach to knowledge with flights of imagination as a true artist *The collected poems of Roden Noel, with a notice by the late J.A. Symonds* Roden Noel,1902 **Ghost Cities** Siang Lu,2024-04-30 Ghost Cities inspired by the vacant uninhabited megacities of China follows multiple narratives including one in which a young man named Xiang is fired from his job as a translator at Sydney s Chinese Consulate after it is discovered he doesn t speak a word of Chinese and has been relying entirely on Google Translate for his work How is his relocation to one such ghost city connected to a parallel odyssey in which an ancient Emperor creates a thousand doubles of Himself Or where a horny mountain gains sentience Where a chess playing automaton hides a deadly secret Or a tale in which every book in the known Empire is destroyed then re created page by page and book by book all in the name of love and art Allegorical and imaginative Ghost Cities will appeal to readers of Haruki Murakami and Italo Calvino **The Songs of Mirza Schaffy with a Prologue by Friedrich Bodenstedt**
