**Mourning Sickness** Rebecca Comay, 2010-09-30 This book explores Hegel's response to the French Revolutionary Terror and its impact on Germany. Like many of his contemporaries, Hegel was struck by the seeming parallel between the political upheaval in France and the upheaval in German philosophy inaugurated by the Protestant Reformation and brought to a climax by German Idealism. Many thinkers reasoned that a political revolution would be unnecessary in Germany because this intellectual revolution had preempted it. Having already been through its own cataclysm, Germany would be able to extract the energy of the Revolution and channel its radicalism into thought. Hegel comes close to making such an argument too. But he also offers a powerful analysis of how this kind of secondhand history gets generated in the first place and shows what is at stake. This is what makes him uniquely interesting among his contemporaries: he demonstrates how a fantasy can be simultaneously deconstructed and enjoyed. *Mourning Sickness* provides a new reading of Hegel in the light of contemporary theories of historical trauma. It explores the ways in which major historical events are experienced vicariously and the fantasies we use to make sense of them. Comay brings Hegel into relation with the most burning contemporary discussions around catastrophe, witness memory, and the role of culture in shaping political experience. *Mourning Sickness* Keith

Smith, 2003 **Mourning Sickness** Rebecca Comay, 2011 This book explores Hegel's response to the French Revolutionary Terror in relation to contemporary theories of trauma. **Grief Is Mourning Sickness** Jan Luther, 2008-12-01 For immediate relief from the pain of grief. Whether you have lost a loved one, a family pet, or your retirement funds, life brings loss and grief. In this insightful new book, Jan Luther, EFT Master and Holistic Life Skills Coach, walks with you through the shock and confusion and helps you find answers, peace, and clarity. Drawing upon the many losses from her own life, including the loss of her 22-year-old son in 2006, Jan brings her gentle understanding and her graceful wisdom to bear as she empowers you with hope, patience, and specific instructions for reassembling your life after loss. **Mourning Sickness** Keith

Smith, 1993-09-01 **Writing Widowhood** Jeffrey Berman, 2015-10-07 Explores how memoirs of widowhood can help us understand the reality of bereavement and the critical role of writing and reading in recovery. The death of a beloved spouse after a lifetime of companionship is a life-changing experience. To help understand the reality of bereavement, Jeffrey Berman focuses on five extraordinary American writers: Joan Didion, Sandra Gilbert, Gail Godwin, Kay Redfield Jamison, and Joyce Carol Oates, each of whom has written a memoir of spousal loss. In each chapter, Berman gives an overview of the writer's life and art before widowhood, including her early preoccupation with death, and then discusses the writer's memoir and her life as a widow. He discovers that writing was for all of these authors both a solace and a lifeline, enabling them to maintain bonds with their lost loved ones while simultaneously moving on with their lives. These memoirs of widowhood, Berman maintains, reveal not only courage and resilience in the face of loss but also the critical role of writing and reading in bereavement and recovery. *Writing Widowhood* is a stunning achievement that combines biography, literary history, and theoretical and

philosophical exploration into the nature of grief as well as mental illness all seamlessly executed Berman elegantly and lucidly conveys a range of theories and perspectives to suit both academic and general readers Berman never compromises complexity while remaining accessible and straightforward throughout Virginia L Blum author of *Flesh Wounds The Culture of Cosmetic Surgery Writing Widowhood* contributes to the field of autobiography biography and particularly to women's writing within that generic field by discussing five memoirs which Berman categorizes as the widow memoir No other critic that I know has shaped commentaries into a newly defined genre Berman's book thus makes an important contribution to the overall field Linda Wagner Martin author of *Telling Women's Lives The New Biography* **Mourning Sickness** Jeanie Garrett, 2022-04-15 *Mourning Sickness The Loves of My Life* By Jeanie Garrett Strange is our situation here upon the Earth each of us come for a short time not knowing why yet seeming to divine a purpose from the standpoint of our daily lives however there is one thing that we do know Man was created for the sake of other men above all those who smile and upon whom our own happiness depends Albert Einstein *Mourning Sickness* Missy Martin, Jesse Loren, 2008 *Cultural Writing Poetry Essays Memoir* This book weighs less than a pound but it holds the heavy weight of one of life's worst tragedies In this first of its kind collection 51 contributors many of them award winning writers share their personal journeys through miscarriage stillbirth and infant death The writing is so authentic it will steal your breath Unpalatable truths are not avoided or tucked out of sight they are exposed explored and embraced on every page in the spirit that cradling each experience in words can be healing to any reader who has suffered the loss of a baby *The Ontology of Death* Aaron Aquilina, 2023-05-18 Through examination of the death penalty in literature Aaron Aquilina contests Heidegger's concept of being towards death and proposes a new understanding of the political and philosophical subject Dickens Nabokov Hugo Sophocles and many others explore capital punishment in their works from *Antigone* to *Invitation to a Beheading* Using these varied case studies Aquilina demonstrates how they all highlight two aspects of the experience First they uncover a particular state of being or more precisely non being that comes with a death sentence and second they reveal how this state exists beyond death row as sovereignty and alterity are by no means confined to a prison cell In contrast to Heidegger's being towards death which individualizes the subject only I can die my own death supposedly this book argues that when condemned to death the self and death collide putting under erasure the category of subjectivity itself Be it death row or not when the supposed futurity of death is brought into the here and now we encounter what Aquilina calls relational death Living on with death severs the subject's relation to itself the other and political sociality as a whole rendering the human less a named and recognizable being than an anonymous living corpse a human thing In a sustained engagement with Blanchot Levinas Hegel Agamben and Derrida *The Ontology of Death* articulates a new theory of the subject beyond political subjectivity defined by sovereignty and beyond the Heideggerian notion of ontological selfhood *Healing with the Arts* Michael Samuels, Mary Rockwood Lane, 2013-11-05 Heal yourself and your community with this proven 12 week program that uses the arts to awaken your
