The Long Way Aaron Redfern,2013-12-14 In a move that defies all logic and likelihood a young boy named Spiff is called upon to carry out the most important quest that has ever been undertaken His mission drags him headlong across the face of the world through a veritable pantheon of hardships and threats that are at once chilling and baffling Along the way he meets dragons and madmen and learns that the lovable and the monstrous are two sides of the same coin Conceived as a darkly whimsical loose retelling of the Tolkien saga The Long Way poses the question that high fantasy rarely cares to ask Why

Pilot-Raichoor,2023-01-01 The two authors were jointly responsible for the first version of this Badaga Dictionary Berlin 1992 It is now extensively revised and expanded to two volumes and unique for a Dravidian dictionary it includes some 2000 local place names The vocabulary documented here was partly collected by the two authors during long term fieldwork but otherwise came from records of Badaga folk literature Although there are several dialects of the language these have not yet been systematically studied but dialectal variations are nonetheless recorded wherever they are known An introductory essay examines the status of the language while another essay outlines the cultural history of the Badaga people Many entries here include the bibliographic references to the extensive Nilgiri regional literature and these will prove invaluable to natural scientists even those not concerned with the Badaga language Thousands of entries also include notes on religious or cultural beliefs and practices in the Nilgiri Hills
