Newton, 2015-06-15 Excerpt from *Music in the Public Schools A Manual of Suggestions for Teachers* Music in the public schools is a serious factor in the mental physical and emotional development of the child and is as important in character molding as any other subject in the school curriculum The four essentials of this subject are conceptions of good music voice training sight singing and musical interpretation and in this manual they are developed side by side for each of the eight years of elementary school life This development is presented in the form of weekly outlines by means of which results commensurate with the importance and dignity of the subject may be more easily obtained These outlines are brief definite and free from irrelevant matter and while they may be used advantageously with any series of music books they are designed to be used with the New Educational Music Course No special attention has been paid to written work in music as it is more or less beyond the scope of this book The New Educational Music Haulers furnish ideal material for music education in the public schools and are adapted for study page after page in consecutive order Teachers who find it advisable or desirable to vary the consecutive order of presentation to give special attention to one problem rather than another or to carry on several lines of study simultaneously will find that the grouping of the material in these readers makes such adjustment an easy matter While all good methods of teaching have the same underlying principles yet they may differ in detail This manual simply presents one method with occasional alternatives which has proved eminently successful in teaching the New Educational Music Course in various public schools About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Lessons in Music Form** Percy Goetschius, 1904 **The Ways Children Learn Music** Eric Bluestine, 2000 How do children learn music And how can music teachers help children to become independent and self sufficient musical thinkers Author Eric Bluestine sheds light on these issues in music education Urban Music Education Kate Fitzpatrick-Harnish, 2015 Through the lens of contextually specific teaching this book provides a counternarrative on urban music education that encourages urban music teachers to focus on the strengths of their students
