My Ufo:

My UFO Experiences Arhur Frame,2015-01-19 Introduction The first chapter of this book is about a journey to the civilization of the Sirius star there is a planet of light that burns with a Blue flame our planet and the Blue star of Sirius are linked through a light string of Love Wisdom the Sirius civilization is a 5th dimension its ships geo position in the universe they are where they want to be the ship where I was in 1988 was shaped like a metallic egg there are higher realities that silently accompany life on earth Many of these civilizations try not to extinguish life on earth and protect us by cleaning the atmosphere of microbes and also that a new war does not break out as it will happen The second chapter of this book is about another UFO experience but this time in a giant plate shaped ship in the city of Buenos Aires and my experience with beings of pure energy far from this universe there are beings and civilizations that not even they belong to this universe or to this galaxy bringing different realities to ours The third chapter comments on an encounter with a being called Z an alien from whom I could learn that contact is not always possible The book continues with a story about an experience at age 9 in the city of Buenos Aires and how the world will completely change The next chapter deals with the universal form the universe as a hologram and as it has a pyramid shape the universe represents a numerical orchestration between the number and around a pyramid geometry the output of this numerical paradigm is given by knowing the number and formula as well as sound Encounter with the golden being deals with the philosophical gold that is silence UFO world is about different UFO issues and trip to Egypt is a chapter about a personal experience about synchronicity The experiences described in the book are personal and faithfully told as they were experienced without additions or alterations for those who do not believe in the UFO problem the book will be like a story or dream Ufos Raymond Fowler,2001-05-29 Exciting fully documented on site personal investigations of UFOs Case Files Revealed: The UFO Art of James Nichols James Nichols,2007 International UFO Library Magazine: Vol. 3 No. 4 Joseph J. Spy and telepath, I hacked UFOs: Towards the final declassification Bellin, 2024-09-20. This book is the exceptional document of a whistleblower who will probably rank with Edward Snowden but for UFOs. Scary he worked on an unthinkable hypothesis regarding the disappearance of Malaysian Airlines flight MH 370 in 2014. This book indeed recounts the work of a telepathic spy or Remote Viewer who worked on UFOs inside the secret services in France, a state known to be very opaque. This is a huge scoop every major intelligence service in the world does indeed have telepathic spy groups, links in global intelligence chains. But never before this testimony had anyone described to such an extent the intimacy and violence of the functioning of these services when they direct their very high technicality towards the understanding of an immemorial enigma, that of UFOs, to which they provides a new and revolutionary explanation. But it is its French readers who talk about it best. Beyond the infinite and the timeless. Excellent work. The author immerses us in an unknown universe, not to say unknown. It opens up unsuspected perspectives. An indispensable book. Excellent writing which through the interview with Anonymous allows neophytes as well as those who wonder about the secret actions of the French secret services to discover the objectives and the means deployed in order to spy and manipulate any guy. An investigation experienced from the inside between spies, UFOs, extraterrestrials and state services. Being a ufology enthusiast since 1965 I found this book excellent in that probably for the first time it discusses the operation of the secret services in relation to the UFO subject and the various ufological movements. The author voluntarily maintains a dose of uncertainty whose only purpose is to protect himself against the possible actions of the intelligence services. It's heavy. A must read for anyone interested in the subject. Very interesting. To Read. Very interesting, instructive and edifying book. Describes remarkably well how we are watched by the intelligence services and by Space beings in particular, all those who have an ethic and love and defend truth and democracy. Truth will eventually triumph. Light will prevail over darkness. Being the target of Remote Viewers, I can tell you that everything told in this book is true, at least for the remote viewing part. If one day you hear voices, you are not necessarily crazy. Beware of what you think someone else may think it for you. The brain has no firewall. Exceptional book, the book holds a lot of secrets for those who want to hear.

UFO Crash/retrievals Leonard H. Stringfield, 1994. **UFOs** Philip Klass, 1983. For much too long the public has been misled by half truths by cover ups and by outright falsehoods. It is time to talk sense to the public about Unidentified Flying Objects, writes Philip J Klass in *UFOs The Public Deceived*. *Atlantis and the Power System of the Gods* David Hatcher Childress, Bill Clendenon, 2002. This book takes us beyond Childress's previous books. This amazing book on an unusual voyage into the world, ancient flying vehicles, ancient legends of flight and the mysterious power system of Atlantis. Taking us from ancient

texts in a centuries old library in India The Royal Baroda Library in Mysore India to diagrams of mercury vortex engines and power broadcasting crystals of Atlantis this will fascinate and amaze Richly illustrated and packed with evidence that Atlantis not only existed system more sophisticated than ours of today Topics The Ramayana and the amazing vimanas of ancient India Atlantis and its crystal power towers that broadcast energy Inventor Nikola Tesla s nearly identical system of power transmission How gyros with electrified gas or liquids anti gravity effect Mercury Proton Gyros and mercury vortex propulsion The Crystal Towers that broadcast energy to the lost continent of Atlantis How these incredible power stations may still exist today The Earth as a giant power plant

UFO Abductions Philip Klass,1989-02-01 Some say they have been abducted and subjected to terrifying physical examinations Others claim that young children have been kidnapped and returned only after the removal of flesh samples Still others allege that women have been kidnapped and impregnated the unborn children later removed for a vast cross breeding experiment These crimes against humanity are not perpetuated by an international terrorist organization The abductees assert that they have been kidnapped by extraterrestrial beings UFO abduction claims have spawned a veritable cottage industry providing the fodder for an explosion of magazine articles television interviews newspaper features bestselling books and movies Somewhere beyond all the tumult lies the truth Dedicated to those who will needlessly bear mental scars because of the foolish fantasies of a few UFO Abductions lifts the shroud of mystery from the invisible epidemic of UFO abduction claims Philip J Klass an internationally recognized skeptical authority on the subject of UFO reports traces the history of these claims from the celebrated Betty and Barney Hill case in 1966 to the extraordinary tales which are surfacing today His response to these claims and the answers he provides are both absorbing and factual a fascinating glimpse into an American subculture obsessed with visitors from outer space

UFOs and Abductions David Michael Jacobs,2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon
