Becoming a Mother Mari Gallagher,2018-12-28 Becoming a Mother is the first book published in Ireland exploring the complexity of adoption from the perspective of an adoptive parent It draws on a combination of seminal and modern texts and personal memoir to present a unique view of what it means to be

an adoptive parent in Ireland today The book has a particular focus on intercountry adoptive parenting and also looks at adoption from the viewpoints of the adopted person and birth parent A dearth of literature exploring adoption exists on Irish bookshelves Becoming a Mother seeks to fill that void by exploring issues around the topic of adoption the secrecy and silence that still pervades adoption the primal desire to parent that drives adoptive parenting the tumultuousness of search and reunion and more It includes shared experiences and tips on bonding with the adopted child as well as a look at parenthood for the adopted person Becoming a Mother will be of interest to the estimated 10 per cent of the Irish population connected to adoption in some way including the 5 000 children who were adopted from abroad The book has been included as essential reading on preparatory courses for prospective adoptive parents and also on Barnardos post adoptive service reading list    *Animals* ,1913    *School Document* ,1929    **The Missing Slipper** Sandra Nikolai,1900 Amber McNeil has a psychic gift and a secret When Amber McNeil accepts a job as psychic consultant in the new cold case unit of the Montreal Police Service she is immediately drawn to the Cinderella case The similarities between a five year old girl s abduction and her own experience twenty years ago unnerves her Amber s parents were killed while preventing her abduction and she ll never stop blaming herself for their deaths As she secretly investigates their murders along with the Cinderella case she notices eerie parallels with a fairy tale inference Is it her imagination or are the cases connected Survivor s guilt coupled with empathic sensitivities overwhelm Amber as she delves further into both cold cases The amethyst crystal tucked in her pocket calms her though she wishes she didn t have to rely on it But her greatest challenge yet is her partner The handsome detective sergeant has no idea of her traumatic past As a criminal profiler he also views Amber s special ability as a non starter when it comes to digging up solid evidence Ultimately Amber must decide if she will risk her life to snag the killer and prove her value To accomplish that she needs her partner s help How can she persuade him to trust her insights when only she can perceive them    *My Secret Diary of My Plush Toys* Czebra Kids,2020-01-21 Journal book with space for kids to enter all sorts of details about their favorite plush toy collection Great little extra to add on to a stuffed animal gift If you know a child who loves stuffed animals then you know each plushie has a story This fun book allows them to log in each toy becoming an instant memory box must Each 2 page spread features space to record the stuffed toy s details including name age where it came from why the name was chosen favorite food and colors a rating of how much this stuffed animal is loved picture area free writing area 100 pages record up to 50 toys Size 8 x 10 is a great size for children to draw and write in Designed in USA If you re looking for the perfect kid s gift pick up this must have for stuffie lovers everywhere    **The American Teacher** ,1889    **The Missing Sock Stories** Shirley Webb,2012-08-14 Shirley Webb was born in England and moved with her husband and two sons to Rochester NY in 1993 It was her grandchildren that inspired her to write these stories they are based on true events or something they said or saw It is with her familys encouragement that she has decided to publish them    **Touched by Bipolar** Joss Smith Wesson,2015-10-14 I find this book a beautiful piece of

retrospective writing full of sensitive insight and tender descriptions The introduction is quite breathtaking as an anticipation of the events that will come later and is also a glimpse into the authors thoughts and especially his character The introduction is also important in the way that it starts the question about the arrogance of society in relation to the painful misfortune of a person enduring a so called mental illness Society lifts its shield of indifference in order to build its precarious opulence out of the pain of the mentally ill person I became familiar with the way that events are communicated so powerfully and particularly enjoyed witnessing the journey through the hardships and wonders of the authors adolescence in Africa I was taken by the miracle of his description of the mysterious landscapes and places that inhabit his many memories His work in various farms weekends with friends the awakening of love his impressions of the Zulu workers and the motorbike all early memories that have a mix of innocence and candid enthusiasm colored by tender sensuality The episode with the girls in the bus leaves the impression of being at one with the author in being fully aware of the experience while being acutely conscious of his feelings and meanings In another chapter I found myself dramatically touching his experiences as a schoolboy in England and the difficulties of learning and relearning the peculiarities of the culture and the feelings of vulnerability finding his place in a foreign country The author shows a lot of courage enduring this moment in his life Another one of my favorite chapters was the unforgettable journey across Australia as a hitchhiker A journey colored by freedom and friendship Everything in the book is an anticipation of the authors meeting with Belinda All women including Beauty are only affinities that have led to the real essence of love all preparations for it It is not difficult to understand the authors good fortune at being capable of holding in his mind and dreams the power of love and to be loved by a woman This is the heart of the book The mix of styles and poetry is powerful strength of the book Many great authors have tried these combinations Goethe Emerson Flaubert and even Shakespeare with amazing aesthetical results The poet knows the language of the spirit Life and death love and sadness loneliness are all mystical reflections which are the nourishments of the poems All elements of the authors reality are beautifully drawn in a rhythmic space This book travels beyond the intentions of comprehension of a medical condition The mental pain experienced during the outbreak of depression is the material which gives birth to a reflective piece of art Beauty comes from unexpected sources and this book is about the beauty of life
