GUSTAFSON (and NORDIN (Fredrik)), Sune LINDQVIST, Fredrik NORDIN, 1941 **The Mycenaean pottery** Josef Arne Gert Furumark, 1940 *Mycenaean Pottery* Arne Furumark, 1972 The Mycenaean Pottery Arne Furumark, 1941 **Mycenaean Pottery**, 1972 **The Mycenaean Pottery: Chronology** Arne Furumark, 1941

Mycenaean Civilization Bryan Feuer, 2004-03-16 Classical Greeks considered the Mycenaean civilization to be the basis of their glorious and heroic heritage but its material existence was not confirmed until the excavations of Heinrich Schliemann in the late nineteenth century. In the ensuing years as with the field of archaeology in general emphasis has shifted from revealing monuments and finding treasure to dealing with less glamorous more scientifically oriented investigations concerning aspects such as social and political organization, economic functions and settlement patterns. With its more than 2000 entries this reference work serves as both an introduction to and a summary of the study of ancient Mycenaean civilization. Considerably expanded from the first edition there are 500 new entries representing materials published since 1991. The largest part of the book is made up of annotated bibliography entries arranged topically with introductory material for each section. The book also includes a general introduction to Mycenaean civilization, a glossary and author, place and subject indexes. **Mycenaean Pottery** Arne Furumark, Paul Åström, Robin Hägg, Gisela Walberg, 1992 *The Panagia Houses at Mycenae* Ione Mylonas Shear, 1987-11-29 Domestic architecture at the site of Mycenae was systematically explored for the first time in a series of investigations sponsored by the Archaeological Society of Athens and Washington University in St. Louis between 1962 and 1966 and again in 1977. The work revealed a block of houses in the area north of the Treasury of Atreus, the so-called Panagia Houses. The author describes the artifacts and reconstructed floor plans and draws comparisons with other Bronze Age sites. University Museum Monograph 68 **The Manufacture of Early Mycenaean Pottery** Harriet Burlingame Lewis, 1983 **The Last Mycenaeans and Their Successors** V. R. d'A. Desborough, 2007-02-05 So careful and complete a study of late Mycenaean remains as is included in this volume has never before been made. On the basis of a very thorough examination of all types of artifacts from all regions of the Mycenaean world the author is able to make observations concerning events in the Aegean between 1200 and 1000 BC that probably come as close to the actual course of events as presently available material permits. Saul S. Weinberg, University of Missouri for American Journal of Archaeology **Collapse and Transformation** Guy D. Middleton, 2020-04-09 The years c. 1250 to 1150 BC in Greece and the Aegean are often characterised as a time of crisis and collapse. A critical period in the long history of the region and its people and culture, they witnessed the end of the Mycenaean kingdoms with their palaces and Linear B records and through the Postpalatial period the transition into the Early Iron Age. But on closer examination it has become increasingly clear that the period as a whole across the region defies simple characterisation: there was success and

splendour resilience and continuity and novelty and innovation actively driven by the people of these lands through this transformative century The story of the Aegean at this time has frequently been incorporated into narratives focused on the wider eastern Mediterranean and most infamously the Sea Peoples of the Egyptian texts In twenty five chapters written by 25 specialists Collapse and Transformation instead offers a tight focus on the Aegean itself providing an up to date picture of the archaeology before and after the collapse of c 1200 BC It will be essential reading for students and scholars of the Aegean and eastern Mediterranean regions as well as providing data and a range of interpretations to those studying collapse and resilience more widely and engaging in comparative studies Introductory chapters discuss notions of collapse and provide overviews of the Minoan and Mycenaean collapses These are followed by twelve chapters which review the evidence from the major regions of the Aegean including the Argolid Messenia and Boeotia Crete and the Aegean islands Six chapters then address key themes the economy funerary practices the Mycenaean pottery of the mainland and the wider Aegean and eastern Mediterranean region religion and the extent to which later Greek myth can be drawn upon as evidence or taken to reflect any historical reality The final four chapters provide a wider context for the Aegean story surveying the eastern Mediterranean including Cyprus and the Levant and the themes of subsistence and warfare

The Wider Island of Pelops David Michael Smith, William G. Cavanagh, Angelos Papadopoulos, 2023-03-23 This volume explores the myriad ways in which pottery was created utilized and experienced in the prehistoric Aegean across a period of more than 4000 years between the Middle Neolithic and the Early Iron Age transition
