broadcasts every small step becomes a symbol of what it means to be human to dare to dream to reach further than anyone thought possible Yet at its heart this is not only a story of victories or impossible feats It s a story about wounds and healing about trust and doubt about the struggle to hold onto hope when everything seems lost The greatest battles are fought in silence within the heart Love and friendship are tested by ambition Sacrifice and forgiveness become the true measures of courage SMALL STEPS BIG GOALS is a dramatic emotional and deeply human tale It weaves humor suspense modern dilemmas and the complexities of being alive into a powerful narrative Through heartbreaks and triumphs betrayals and reunions the novel asks Can small steps truly lead to the biggest goals What is the price of a dream and who do we become when we refuse to give up For anyone who has ever faced adversity chased an impossible dream or wondered where courage comes from this is your story Join Furkan and his team as they prove that even the smallest steps can change the world

discovery into a rich and deep and inclusive vision and understanding of human life in the presence of the mystery of God H Richard Niebuhr author of *Christ and Culture* This is the first part of Paul Tillich s three volume *Systematic Theology* one of the most profound statements of the Christian message ever composed and the summation and definitive presentation of the theology of the most influential and creative American theologian of the twentieth century In this path breaking volume Tillich presents the basic method and statement of his system his famous correlation of man s deepest questions with theological answers Here the focus is on the concepts of being and reason Tillich shows how the quest for revelation is integral to reason itself In the same way a description of the inner tensions of being leads to the recognition that the quest for God is implied in finite being Here also Tillich defines his thought in relation to philosophy and the Bible and sets forth his famous doctrine of God as the Ground of Being Thus God is understood not as a being existing beside other beings but as being itself or the power of being in everything God cannot be made into an object religious knowledge is therefore necessarily symbolic Beyond doubt the richest most suggestive and most challenging philosophical theology our day has produced John Herman Randall Jr author of *The Making of the Modern Mind*      *Mystery of the Shaking Ground* Michael L Walker, Lee Dell Stickler, Nate Lee,2006 Enables churches to create an Easter program regardless of the number of children in their congregation This title includes dramas speeches and recitations that help children of ages 3 12 learn Bible basics
