Mystic Poet:

The Rumi Prescription Melody Moezzi, 2021-03-02 A powerful personal journey to find meaning and life lessons in the words of a wildly popular 13th century poet Rumi's inspiring and deceptively simple poems have been called ecstatic mystical and devotional To writer and activist Melody Moezzi they became a lifeline In *The Rumi Prescription* we follow her path of discovery as she translates Rumi's works for herself to gain wisdom and insight in the face of a creative and spiritual roadblock With the help of her father who is a lifelong fan of Rumi's poetry she immerses herself in this rich body of work and discovers a 13th century prescription for modern life Addressing isolation distraction depression fear and other everyday challenges we face the book offers a roadmap for living with intention and ease and embracing love at every turn despite our deeply divided and chaotic times Most of all it presents a vivid reminder that we already have the answers we seek if we can just slow down to honor them You went out in search of gold far and wide but all along you were gold on the inside Become the sky and the clouds that create the rain not the gutter that carries it to the drain You already own all the sustenance you seek If only you'd wake up and take a peek Quit being a drop Make yourself an ocean **Whitman** Walt

Whitman, 2013-09-12 Discover How Whitman's Spiritual Life and Vision Can Enlighten Your Own Whitman's collected poems and prose are not an object or icon to be gazed upon or revered but a transparency we look through to see ourselves with greater clarity excitement and meaning They wake us up to our potential to learning about and from ourselves To experience his writing is to experience ourselves more deeply from the Preface by Gary David Comstock Walt Whitman was the most innovative and influential poet of the nineteenth century The self-proclaimed American Bard Whitman challenged his contemporaries to resist conforming to society and shocked them with his embrace of the sensual But beneath his manifesto for social revolution lies a vigorous call for spiritual revolution as well This beautiful sampling of Whitman's most important poetry from *Leaves of Grass* and selections from his prose writings offers a glimpse into the spiritual side of his most radical themes love for country love for others and love of Self Whitman seeks to tear down the belief that the spiritual resides only in the religious and embraces the idea that nothing is more divine than humankind nothing greater than the individual soul Rich with passion reverence and wonder this unique collection offers insight into Whitman's quest for self-discovery which involved an ongoing mystical experience of the world Though seemingly personal his verse speaks to universal harmony and universal love optimism and joy and celebrates the outwardly mundane details of life through words electrified with love and spirit

Hafiz, 2012-04-27 Discover How Hafiz's Spiritual Life and Vision Can Enlighten Your Own Hafiz is known throughout the

world as Persia's greatest poet with sales of his poems in Iran today only surpassed by those of the Qur'an itself. His probing and joyful verse speaks to people from all backgrounds who long to taste and feel divine love and experience harmony with all living things. This beautiful sampling of Hafiz's works captures his deep spiritual understanding offering a glimpse into the vision that has inspired people around the world for centuries. Considered by his contemporaries as an oracle and often referred to as Tongue of the Hidden and Interpreter of Secrets, Hafiz followed Sufism's inner path on a quest to discover the hidden meaning of the universe and shares his experiences and desire for union with the Divine in symbolic language that borders on magical. Infused with the spirit of love and joy, this unique collection offers insight into Hafiz's spiritual philosophy and carefree mysticism that addresses the earthly beauty, pain, ecstasy, and longing that define human nature and the divine adoration that promises to set the spirit free. Ambiguity is a major characteristic of Persian poetry and Hafiz was one of the greatest masters of this artistic quality; each reader tends to see his or her own experiences reflected in the poems. As a result, it is usually unclear whether in a given verse he means actual wine or spiritual wine, a male or a female beloved, a human beloved or God, and so forth. But after reading the same images over and over in ever-changing contexts, one gradually leaves behind the ordinary material world and enters into a realm in which everything symbolizes the beautiful qualities of the beloved who ultimately is God and the source of Love.

Tagore Rabindranath Tagore, 2013-05-09 Discover How Tagore's Spiritual Life and Vision Can Enlighten Your Own

Rabindranath Tagore's philosophical and spiritual thoughts transcend all limits of language, culture, and nationality. In his writings, the poet and mystic takes us on a spiritual quest and gives us a glimpse of the infinite in the midst of the finite, unity at the heart of all diversity, and the Divine in all beings and things of the universe.

from the Preface by Swami Adiswarananda

Rabindranath Tagore is one of the most influential mystic poets and teachers of the last century. Deeply spiritual and profoundly sensitive, his verse speaks to people from all backgrounds who seek a deeper understanding of self, country, creation, God, and love. This beautiful sampling of Tagore's two most important works, *The Gardener* and *Gitanjali*, offers a glimpse into his spiritual vision that has inspired people around the world. Poems from *The Gardener* explore youth and earthly love, while excerpts from *Gitanjali* express divine love and Tagore's difficulty in satisfying it. Overwhelmingly mystical and lovely in its simplicity, this unique collection offers insight into Tagore's heavenly desires, his ongoing quest for Brahman, the joy eternal, and illuminates the remarkable diversity that made him the most important bridge between the spirituality of the East and West in the first half of the twentieth century.

Forerunner mystic poet Sant Kabir Ji and his poetic successor Lalon Sayeen are two great thought ancestries in this subcontinent They are not only poets or saints of the stream they have also great impact in building our main thought stream Here we had a quest in to the treasure with which they executed influence over the thinkers and truth seekers From the point destitute of the view of love and interest it is hard to enter the treasure cave they had Another follow up there is here Since both they are mystic so they are ones of world mystical tradition Rhythmic unity of human elementary beliefs made them fallen in the single stream The writer looked at this unity of mystical authority from Heraclitus to Lalon Reevaluation of mysticism inspired to look at the subject eagerly And that was made by as we know specifically three exponents Ones among them are Rabundranath Tagore Bertrand Russell and L Wittgenstein According to their apprehension the present writer looked at the text of the two mystic poets Thus their forerunner successor link is I don t know whether it is just or alike to say discovered However with this description everything such as theme meaning thought and attitude of their songs is connected So if the present writer claims new many things of the two mystic poets are openly described here perhaps the claim will not be far ahead than the reality Besides that their synthetic and all inclusive outlook is known to all Other else anywhere proper study of human thought may disclose the secrets why both the mystic poets and the stream are timeless and universal Presently it is practical to look and think how the two mystic poets looked at life and world and also at truth good beauty Lastly most important and harder a work has been taken to do it is the universal mystical view on God as only this view is free from savage imagination
