Mythology For The Modern Reader:

Mythology for the Modern Reader James Weigel, 1974 *Mythology in the Modern Novel* John J. White, 2015-03-08 J J White reexamines the use of myth in fiction in order to bring a new terminological precision into the field While concentrating on the German novel Mann Broch and Nossack he discusses the work of Alberto Moravia John Bowen Michel Butor and Macdonald Harris as well in order to show the modern predilection for myth in whatever national literature Throughout his discussion Mr White delineates carefully his specific subject the novel in which mythological motifs are used to prefigure events and character Joyce s *Ulysses* is of course the archetypal novel in this tradition Setting forth his terms and making clear his use of them Mr White then analyzes the wide appeal of the mythological novel for both twentieth century novelists and critics he distinguishes four ways in which modern novelists use myth and surveys the range of critical literature on the subject His concluding chapters are discussions of specific texts in which he differentiates between novels which have a unilinear parallel between myth and plot novels of juxtaposition in which chapters retelling myth parallel modern action and novels of fusion in which the action of the modern account synthesizes more than one mythic prefiguration of mythological motif Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Readers and Mythic Signs** Debra Modellmog, 1993 Some literary scholars view myth criticism as passe an approach to literature that enjoyed a heyday in the 1950s and 1960s before being replaced by approaches that are considered to be more theoretically sophisticated and satisfying such as feminism new historicism and deconstruction Modellmog argues that there are many good reasons not to cast out myth criticism from the community of critical approaches Most obvious among them is that myth has attracted many writers of this century from James Joyce to Thomas Pynchon Virginia Woolf to Flannery O Connor Thomas Mann to Alain Robbe Grillet William Faulkner to Alberto Moravia and that to ignore myth is to dismiss an essential part of their work Modellmog suggests that by reconstruing the relationship between myth and literature we will find that mythic approaches are frequently not only necessary but also highly stimulating engaging readers in many varieties of questions quests and conclusions Publisher description **Myth in the Modern Novel** Liisa Steinby, 2023-03-20 *Myth in the Modern Novel* Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of

eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature

Mythology, fantasy literature, and the modern reader \ Jessica A. Roberts, 2006 Modern Mythology Andrew Lang, 1897 **The Modern Stranger** Lesley D. Harman, 2011-11-02 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language

Myth and Ideology in Contemporary Brazilian Fiction Daphne Patai, 1983 Analyzing the thematic and formal characteristics of six contemporary Brazilian novels this study explores the use of myth and its ideological implications The writers examined are Maria Alice Barroso Clarice Lispector Jorge Amado Carlos Heitor Cony Adonias Filho and Autran Dourado
