Myths about Missions Horace L. Fenton, 1973 **Myths about Missions** Horace L. Fenton, 1974 **Is the Commission Still Great?** Steve Richardson, 2022-10-04 Dismantling the Myths that Obscure God's Great Plan The primary mission of the church is to glorify God by blessing all peoples of the world through the gospel of Jesus Christ The Great Commission's task of global disciple making is the most ambitious project ever undertaken Given the scale and complexity of global missions it's no wonder that misconceptions abound even among invested godly people Questions and skepticism about missions arise from both outside and inside the church Is missions an outdated idea Do missionaries do more harm than good Are we succeeding or failing Is it time for global believers to do the job in their own countries with minimal Western involvement We don't need to fear questions like these But we do need to seek and find solid biblical answers Is the Commission Still Great dismantles the myths that obscure God's beautiful plan to make disciples of all nations Misperceptions discourage God's people from joyfully participating with Him in reaching the world Yet deepening our understanding of the call to missions restores perspective and motivates us to participate in God's grand design Author and missionary kid Steve Richardson uses stories from Scripture history and his own ministry experience to impart timely lessons on modern missions Richardson also draws from the wisdom of field missionaries sending agencies pastors and church members to address this all important endeavor Each chapter finishes with thought provoking questions to facilitate purposeful discussion in families and small groups Is the Commission Still Great will equip followers of Christ to be participants not spectators in the redemption of the world [Myths and Missionaries](#) Michael McGinty, 2001 *Missions and Pueblos of the Old Southwest, Their Myths, Legends, Fiestas, and Ceremonies, with Some Accounts of the Indian Tribes and Their Dances, and of the Penitentes* Earle Robert Forrest, 1979 **Missionary Myths Perpetuated by Spiritual Leaders** Gregory Lewis, 2000 **Myths and Realities in Eastern Europe** Walter Kolarz, 1946 **Missionary Spaces** Thomas Coomans, 2024-05-02 The spatial turn of missionary places Situated at the crossroads of missionary history imperial history and colonial architecture this volume examines the architectural staging and spatial implications of the worldwide expansion of Christianity in the nineteenth and twentieth centuries By focusing on specific architectural fragments analysing the intersection of Christian edifices in colonial and traditional urban settings or unravelling the social understanding of missionary places each chapter strives to understand the agency of missionary spaces Bringing together scholars from different disciplines and fields this book aims to centre those missionary spaces by approaching them not merely as a corridor around and within which the missionary encounter was acted but by making them part and parcel of it Through its approach Missionary Spaces provides a new paradigm for scrutinising the spatial turn for missionary histories and contributes to the increased attention across the humanities to space place and location since the late 1990s Space does not occur as an historical given but as a social construction to be analysed while at the same time having explanatory value of its own This
