N. W. Rowell, Ontario Nationalist M. E. Prang, 1975 **N. W. Rowell, Ontario Nationalist** M. E. Prang, 1975 The Rowell-Sirois Commission and the Remaking of Canadian Federalism Robert Wardhaugh, Barry Ferguson, 2021-07-01

The Rowell Sirois Commission and the Remaking of Canadian Federalism investigates the groundbreaking inquiry launched to reconstruct the federal system and reveals its legacy for Canadian federalism today In 1937 the Canadian confederation was broken As the Depression ground on the provinces faced increasing obligations but limited funds while the dominion had fewer responsibilities but lucrative revenue sources The commission was struck to review the system Overcoming a process beset by conflicts the report proposed a bold new form of federalism based on the national collection of major tax revenues and unconditional transfers of these revenues to provinces based on fiscal need Robert Wardhaugh and Barry Ferguson dig through the evidence and counter misconceptions to demonstrate that even though the report was at first rejected it provided a storehouse of innovative ideas that redefined the nature of federal government and shaped policy and thinking about federalism for decades *The Politics of Federalism* Chris Armstrong, 1981-12-15

The British North America Act of 1867 fashioned a Canadian federation which was intended to be a highly centralized union led by a powerful national government Soon after Confederation however the government of Ontario took the lead in demanding a greater share of the power for the provinces and it has continued to press this case Professor Armstrong analyses the forces which promoted decentralization and the responses which these elicited from the federal government He explains Ontario s reasons for pursuing this particular policy from 1867 to the Second World War The author s sources are the private papers of federal and provincial premiers and other contemporary political figures government publications parliamentary debates and newspapers He has identified and developed three separate but related themes the dynamic role played by private business interests in generating intergovernmental conflicts Ontario s policy of promoting its economic growth by encouraging the processing of its resources at home and the tremendous influence exerted by increasing urbanization and industrialization on the growth of the responsibilities of the provinces During the 1930s efforts to restructure the federal system were rejected by Ontario because it preferred to maintain the status quo and was unsympathetic to greater equalization between the regions Consequently Ontario took a leading part in opposing the redivision of powers recommended by the Royal Commission on Dominion Provincial Relations in 1940 This book provides part of the historical context into which current debates on the question of federalism may be fitted It thus will be of importance and interest to historians students of Canadian history and the general reader alike Ontario Historical Studies Series Themes **The Persons Case** Robert J. Sharpe, Patricia I. McMahon, 2017-06-22

On 18 October 1929 John Sankey England s reform minded Lord Chancellor ruled in the Persons case that women were eligible for appointment to Canada s Senate Initiated by Edmonton judge Emily Murphy and four other activist women the Persons case challenged the exclusion of women from Canada s upper house and the idea that the

meaning of the constitution could not change with time The Persons Case considers the case in its political and social context and examines the lives of the key players Emily Murphy Nellie McClung and the other members of the famous five the politicians who opposed the appointment of women the lawyers who argued the case and the judges who decided it Robert J Sharpe and Patricia I McMahon examine the Persons case as a pivotal moment in the struggle for women s rights and as one of the most important constitutional decisions in Canadian history Lord Sankey s decision overruled the Supreme Court of Canada s judgment that the courts could not depart from the original intent of the framers of Canada s constitution in 1867 Describing the constitution as a living tree the decision led to a reassessment of the nature of the constitution itself After the Persons case it could no longer be viewed as fixed and unalterable but had to be treated as a document that in the words of Sankey was in a continuous process of evolution The Persons Case is a comprehensive study of this important event examining the case itself the ruling of the Privy Council and the profound affect that it had on women s rights and the constitutional history of Canada

Canadian History: Confederation to the present Martin Brook Taylor,Doug Oworm,1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover
