## Nach Der Kristallnacht:

A Fatal Balancing Act Beate Meyer, 2013-09-01 In 1939 all German Jews had to become members of a newly founded Reich Association. The Jewish functionaries of this organization were faced with circumstances and events that forced them to walk a fine line between responsible action and collaboration. They had hoped to support mass emigration mitigate the consequences of the anti Jewish measures and take care of the remaining community. When the Nazis forbade emigration and started mass deportations in 1941 the functionaries decided to cooperate to prevent the worst. In choosing to cooperate they came into direct opposition with the interests of their members who were then deported. In June 1943 all unprotected Jews were deported along with their representatives and the so called intermediaries supplied the rest of the community which consisted of Jews living in mixed marriages. The study deals with the tasks of these men the fate of the Jews in mixed marriages and what happened to the survivors after the war.

Hitler Peter Longerich, 2019-09-05 From one of the most prominent biographers of the Nazi period a new and provocative portrait of the figure behind the century's worst crimes. Acclaimed historian Peter Longerich author of Goebbels and Heinrich Himmler now turns his attention to Adolf Hitler in this new biography. While many previous portraits have speculated about Hitler's formative years Longerich focuses on his central role as the driving force of Nazism itself. You cannot separate the man from the monstrous movement he came to embody. From his ascendancy through the party's ranks to his final hours as Führer in April 1945 Longerich shows just how ruthless Hitler was in his path to power. He emphasizes Hitler's political skills as Germany gained prominence on the world's stage. Hitler's rise to and ultimate hold on power was more than merely a matter of charisma rather it was due to his ability to control the structure he created. His was an image constructed by his regime an essential piece self created of propaganda. This comprehensive biography is the culmination of Longerich's life long pursuit to understand the man behind the century's worst crimes.

**1999** Susan Sarah Cohen, 2013-02-18 No detailed description available for 1999. **Resisters** Wolf Gruner, 2023-08-29 A highly original and compelling account of individual Jews who resisted Nazi persecution challenging the traditional portrayal of Jewish passivity during the Holocaust. Drawing on twelve years of research in dozens of archives in Austria Germany Israel and the United States this book tells the story of five Jewish people a merchant a homemaker a real estate broker and two teenagers who bravely resisted persecution and defended themselves in Nazi Germany. These stories have not been told until now and each case is one of many as Gruner shows by resurfacing similar accounts of Jewish refusal to accept persecution and violence in Germany and Austria between 1933 and 1943 upending the notion of passive Jews and expanding the concept of resistance. Each individual described here represents a category of resistance written opposition oral protest contesting Nazi propaganda defiance of anti Jewish laws and measures and self defense against physical attacks. Many of these courageous acts resulted in the resisters being prosecuted and put on trial and often receiving harsh punishments while some led to acquittal by courts and others to changes in Nazi policies. Taken together these accounts

reframe our understanding of German Jewish attitudes during the Holocaust while also providing an astonishing examination of the complex Nazi reactions to the many individual acts of Jewish resistance **On Germans and Jews Under the Nazi Regime** Mosche Zimmermann,2006 A member of the The Richard Koebner Minerva Center series this unique volume which is sure to engage the attention of both scholars and the general public is an unparalleled cross generational and international dialogue among eminent historians about three central aspects of the unfathomable enigma of the Holocaust In the first section beyond a seminal overview of sixty years of research the writers reflect on historiography and historical thought ranging from contemporaries of the Third Reich to the ongoing discussion about the controversial role post war West German historians played in Holocaust research This is followed by a section focusing on social antisemitism until the 1950s and the German publics awareness of the Holocaust including the posture of the German Resistance Movement The third major theme is the Jewish society from its initial attempts to develop new forms of societal life under the Nazi regime until the brink of annihilation during the mass deportation from the Warsaw Ghetto to Treblinka The concluding chapter sheds light on the unresolved tension between reflective personal memory and impersonal historical research of this dark period in human history **Anti-Semitism in West Germany** Verband der Jüdischen Gemeinden in der DDR,1967 **Public Opinion and Relations to the Jews in Nazi Europe** Michael Robert Marrus,1989
