Nackte Angst:

The Price of Beauty: Dark Mafia Romance Anya Sugar, 2025-11-12 My name is Valentina Moretti I was an artist My world was a kaleidoscope of color a chaotic paint splattered haven built on peace Just me and my dad Then in an instant it was all annihilated My father was murdered and the man who stepped out of the shadows to claim the pieces is Dante Rossi They call him The Demon He s a ruthless mafia capo who says my father owed an impossible debt and that I am the payment He dragged me to his opulent mansion a gilded cage where he s determined to break me to possess me to own my body and my soul I should hate him I do hate him But with every brutal touch and possessive kiss my body betrays me with a wicked forbidden spark that I can t control But Dante made one fatal mistake he underestimated me I found his secrets My father s death wasn t a robbery gone wrong it was a planned elimination And I m not just collateral I m the prize in his twisted master planned game Now I m forced to play along I m pretending to be his broken doll his submissive piccolo all while I search for a way to destroy him But in this world of monsters escaping the devil who owns you might just mean running straight into the arms of another

Phenomenology of Anxiety Stefano Micali, 2022-03-30 This volume offers a thorough description of anxiety from a phenomenological perspective Building on Bakhtin s insights the author develops the method of phenomenological polyphony which can do justice to the essential ambiguity of anxiety In this polyphony the voices of Kierkegaard Husserl Freud Blumenberg Heidegger Sartre Adorno Derrida and Levinas are particularly recognizable The book explores new perspectives on the complex relation between anxiety fear and trauma with reference to different disciplines from art history to cultural anthropology from psychopathology to theology from literature to political philosophy When is anxiety justified When does anxiety cease to function as an effective and reasonable signal preventing imminent threats and when does it become an invasive projection of our own ghosts This volume presents a deep philosophical inquiry into the affective phenomenon that can both protect us from danger and be a danger in itself Moreover the author explores the relevance of anxiety in the context of philosophical anthropology In various theoretical frameworks the difference between anxiety and fear serves as a criterion for distinguishing human beings from animals in particular Accordingly research on anxiety is crucial for defining human nature as such The analysis presented in this volume shows how an alteration of the dimensions of embodiment time consciousness and phantasy takes place in anxiety Furthermore the author elaborates on new categories for understanding of anxiety such as quasi intentional imaginative anticipation which eludes the traditional differentiation between perception and imagination The work culminates in a phenomenological analysis of five essential traits of anxiety 1 its quasi intentional imaginative anticipation 2 its negative inspiration 3 the recurrence of bodily manifestations 4 the interlocution with an alien power 5 its negative teleology

Die Rosen von Zichron, Christian Kracht's Aesthetics Susanne Komfort-Hein, Heinz Drügh, 2023-07-07 The contributions to this volume are devoted to Christian Kracht's aesthetics under two main aspects On the one hand with regard to sometimes irritatingly twisted actualizations of that self reference and reservation which since Kant is to be evaluated as a central mode of the aesthetic on the other hand with regard to interferences with areas that are usually perceived as extra aesthetic but which can be evaluated as ferments of contemporary aesthetics Stagings in the field of the literary establishment the aesthetic under media and market conditions and in the focus of canonization and criticism Kracht's Frankfurt Poetics Lectures which were intensively commented on by the media form the background to this discussion
