Cousineau-Levine, 2003-05-27 Faking Death includes 16 colour reproductions and 150 duotones by artists such as Raymond April Jeff Wall Lynne Cohen Charles Gagnon Evergon Michel Lambeth Thaddeus Holownia Geoffrey James Geneviève Cadieux Shelley Niro Diana Thorneycroft Jin me Yoon Ian Wallace and Ken Lum By bringing together this many Canadian works Faking Death provides a compelling visual introduction to one of Canada's most vibrant and internationally recognized artistic media It is an invaluable tool for curators artists teachers students and scholars in art history fine arts Canadian studies film communications literature and cultural studies **Visions/revisions** Nigel Harkness, 2003 The essays in this volume contribute diversely towards a revision and a reconceptualization of nineteenth century France with many adopting interdisciplinary methodologies attentive to the interplay between literature history art popular and high culture politics and science

"A Dream of Stone" Michael D. Garval, 2004 With democratization of fame in the wake of the French Revolution writers enjoyed ever greater celebrity status But in nineteenth century France the availability and perceived impermanence of such renown cheapened it and prompted longing for enduring fame exemplified by monuments commemorative sculptural or architectural works helping a nation in flux define itself its past and anticipated future Within this cultural climate there evolved an ideal of great writers and their work as immortal that envisioned literary greatness through the metaphor of monuments and monumentality study draws upon wide ranging evidence from journalism to poetry caricature to statuary Focusing on the lives work and fame of Honore de Balzac George Sand and Victor Hugo it uncovers the salient features and traces the rise and fall of this monumentalizing vision of literary greatness largely forgotten today yet so central to nineteenth century French culture North Carolina State University **The Portraits of Hector Berlioz** Gunther Braam, 2003

Bibliography of Monographs covers the period 1839-1991. It is arranged alphabetically by author/photographer with numerous cross references to editors, compilers, illustrators, translators, etc. It lists some 3,900 titles in about twenty languages and includes books, exhibition catalogues, dissertations and special issues of magazines. **Art Books** Wolfgang M. Freitag, 2013-10-28. First published in 1997. For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated. This has resulted in the selection of 3,395 additional titles. These selections, reflective of the increase in the monographic literature on artists during the last ten years, are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities. The selections of the first edition have been reviewed, errors have been corrected and important new editions and reprints have been noted. The second edition contains 278 names of artists not represented in the first edition.

Les pionniers de la photographie Jacques Delanoë, 1996-01-01T00:00:00+01:00. Ce sont les inventeurs, les pionniers et les premiers virtuoses d'une technique et d'un art nouveau. Depuis les précurseurs oubliés jusqu'aux créateurs les plus illustres de Bayard, Disdéri et de Daguerre, Nadar. Jacques Delanoë, collectionneur passionné, nous fait pénétrer dans l'intimité de ces fabuleux inventeurs en rassemblant dans cet ouvrage autour de leurs notices biographiques, leurs portraits et leurs caricatures le meilleur de leurs œuvres. Ainsi nous voyons dérouler au long des pages de ce livre Gambetta et Sarah Bernhardt, Napoléon III et Liane de Pougy, Thiers et George Sand, Jules Favre, Alexandre Dumas, Michelet, Gustave Eiffel et beaucoup d'autres avec des nuances et des expressions que les livres d'Histoire ne nous avaient jamais restitués. Bref, le précieux album d'une famille, celle de tous ceux et de toutes celles qui participent au prodigieux essor du XIX^e siècle.
