Cox, 2020-10-15 The I Do s and I Don ts of a Successful Marriage By Rick Cox The book is about marriage and relationships I realize there are many self help books covering a variety of issues My desire however was to write a book about marital as well as other relationships that is easy to read yet has enough substance to positively impact readers on a level that would motivate an inward desire to change for the better This is a book that will open the eyes of readers to the fact they are as normal as anyone else It is a book showing how a few changes or corrections in one s daily interaction with one s spouse could make for a better tomorrow The reader will learn not to react responding instead with the right motive and attitude the reader will be able to see how by doing the right things one s life can change for the better and so can the lives of all in the household I grew up hearing how difficult the marital relationship is due to the differences between men and women I heard about how women are hard to figure out or that most men never know what it is their wives want In my life I have not found this to be true what I have found is it takes a conscious effort on my part to observe and get to know my wife her likes and dislikes her wants hopes dreams and desires During this observation I learned she did not like all the things I did and that was okay I learned to accept the fact she might not want to do what I want to do and it is okay if I don t want to do what she wants I learned she is romantic and even has her own personal language This is a language she and other women appear to understand but it didn t readily make sense to me I believe you will find this book to be quite informative and to the point It will make you think hard about how you interact with your spouse on a daily basis It will also teach you something about the most important college you will ever attend the college of life *Success* ,1924 Success Through Thought Benjamin Johnson, 1917 *Beside Every Successful Man* Megan Basham, 2009-09-15 Strengthen family bonds boost family income and acquire a sense of purpose by helping your husband achieve his career dreams Terms like stay at home wife and stay at home mom once meant a woman whose lifestyle involved running the household preparing the meals and tending to her husband and kids But today a new army of educated highly skilled women has completely reinvented and re embraced the stay at home role Far from being
