Daneel Olivaw to solve an incredible murder that has rocked Solaria to its foundations The victim had been so reclusive that he appeared to his associates only through holographic projection Yet someone had gotten close enough to bludgeon him to death while robots looked on Now Baley and Olivaw are faced with two clear impossibilities Either the Solarian was killed by one of his robots unthinkable under the laws of Robotics or he was killed by the woman who loved him so much that she never came into his presence Isaac Asimov's Robot series chronicles the sometimes uneasy partnership between human and humanoid I
