Napoleonic Empire

M. Broers, P. Hicks, A. Guimera

Napoleonic Empire:

From the Napoleonic Empire to the Age of Empire Thomas Dodman, Aurélien Lignereux, 2023-03-28 This book explores imperial entanglements to reassess the Napoleonic Empire as a missing link or at least an important chain in the global and longue dur e history of Empires In recent years Napoleonic studies have belatedly but resolutely embraced the transnational historiographical turn vastly expanding the field s geographical scope Its canonical chronological boundaries on the other hand appear increasingly narrow against this wider backdrop giving the impression of a parenthetical almost anachronistic aside from 1799 to 1815 What connects and what doesn t connect the Napoleonic Empire to the Age of Empire remains by and large an open question Put another way this book attempts to locate the Napoleonic empire in World History **The Napoleonic Empire and the New European Political Culture** M. Broers, P. Hicks, A. Guimera, 2012-10-10 Napoleon s conquests were spectacular but behind his wars is an enduring legacy A new generation of historians have re evaluated the Napoleonic era and found that his real achievement was the creation of modern Europe as we know it The Napoleonic Empire Geoffrey Ellis, 2017-03-03 Was Napoleon the heir of the French Revolution the great consolidator of its reforms or did he distort and even abandon its principles What were the aims and effects of Napoleonic rule in France and in conquered Europe more widely This second edition of *The Napoleonic Empire* offers a critical reassessment of these central issues and provides a fresh synthesis of the most important research during the past forty years Beginning with Napoleon s inheritance Geoffrey Ellis balances the conflicting evidence for change or continuity over the years from the Revolutionary upheaval to the height of the Grand Empire The new edition Covers the administrative military social and economic aspects of the subject Redefines the whole impact of Napoleonic imperialism in both the short and longer term Offers more extensive coverage of Napoleon s treatment of the annexed lands and subject states of his Empire as well as of military conscription desertion and the role of the Gendarmerie in the war against brigands and military defaulters Provides an expanded discussion of the institutional legacy of Napoleonic rule in France and Europe With an up dated and more comprehensive bibliography this thoroughly revised text is an invaluable guide to Napoleon s Europe and is ideal for specialist and general readers alike

Napoleon Michael Broers, 2022-08-30 An accomplished Oxford scholar delivers a dynamic new history covering the last chapter of the emperor s life from his defeat in Russia and the drama of Waterloo to his final exile as the world Napoleon has created begins to crumble around him In 1811 Napoleon stood at his zenith He had defeated all his continental rivals come to an entente with Russia and his blockade of Britain seemed at long last to be a success The emperor had an heir on the way with his new wife Marie Louise the young daughter of the Emperor of Austria His personal life too was calm and secure for the first time in many years It was a moment of unprecedented peace and hope built on the foundations of emphatic military victories But in less than two years all of this was in peril In four years it was gone swept away by the tides of war against the most powerful alliance in European history The rest of his life was passed on a barren island This is not a story any novelist

could create it is reality as epic Napoleon The Decline and Fall of an Empire traces this story through the dramatic narrative of the years 1811 1821 and explores the ever bloodier conflicts the disintegration and reforging of the bonds among the Bonaparte family and the serpentine diplomacy that shaped the fate of Europe At the heart of the story is Napoleon s own sense of history the tensions in his own character and the shared vision of a family dynasty to rule Europe Drawing on the remarkable resource of the new edition of Napoleon s personal correspondence produced by the Fondation Napoleon in Paris Michael Broers dynamic new history follows Napoleon s thoughts and feelings his hopes and ambitions as he fought to preserve the world he had created Much of this turns on his relationship with Tsar Alexander of Russia in so many respects his alter ego and eventual nemesis His inability to understand this complex man the only person with the power to destroy him is key to tracing the roots of his disastrous decision to invade Russia and his inability to face diplomatic and military reality thereafter Even his defeat in Russia was not the end The last years of the Napoleonic Empire reveal its innate strength but it now faced hopeless odds The last phase of the Napoleonic Wars saw the convergence of the most powerful of forces in European history to date Russian manpower and British money The sheer determination of Tsar Alexander and the British to bring Napoleon down is a story of compromise and sacrifice The horrors and heroism of war are omnipresent in these years from Lisbon to Moscow in the life of the common soldier The core of this new book reveals how these men pushed Napoleon back from Moscow to St Helena Among this generation there was no more remarkable persona than Napoleon His defeat forged his myth as well as his living tomb on St Helena The audacious enterprise of the 100 Days reaching its crescendo at the Battle of Waterloo marked the spectacular end of an unprecedented public life From the ruins of a life and an empire came a new continent and a legend that haunts Europe still *The Napoleonic Empire in Southern Italy and the Rise of the Secret Societies* Robert Matteson Johnston,1904 **Napoleon's Empire** Ute Planert,2016-01-26 The Napoleonic Empire played a crucial role in reshaping global landscapes and in realigning international power structures on a worldwide scale When Napoleon died the map of many areas had completely changed making room for Russia s ascendancy and Britain s rise to world power Napoleon and Europe Philip G. Dwyer,2014-07-22 Two hundred years ago Napoleon was at the apogee of his power in Europe This broad ranging reassessment explores the key themes presented by his extraordinary career from his rise to power and the foundation of the imperial state to the final defeat of his grand vision following the doomed invasion of Russia It was a period of almost uninterrupted war in Europe the consequences of victory or failure repeatedly transforming the political map But Napoleon s impact reached much deeper than this achieving the ultimate destruction of the ancien regime and feudalism in Europe and leaving a political and juridical legacy that persists today **The Napoleonic Empire** Geoffrey James Ellis,1991 Napoleon and the Transformation of Europe Alexander Grab,2017-03-09 Creating a French Empire and establishing French dominance over Europe constituted Napoleon s most important and consistent aims In this fascinating book Alexander Grab explores Napoleon s European policies as well as the response of the European people to his

rule and demonstrates that Napoleon was as much a part of European history as he was a part of French history Napoleon and the Transformation of Europe Examines the formation of Napoleon s Empire the Emporer s impact throughout Europe and how the Continent responded to his policies Focuses on the principal developments and events in the ten states that comprised Napoleon s Grand Empire France itself Belgium Germany the Illyrian Provinces Italy the Netherlands Poland Portugal Spain and Switzerland Analyses Napoleon s exploitation of occupied Europe Discusses the broad reform policies Napoleon launched in Europe assesses their success and argues that the French leader was a major reformer and a catalyst of modernity on a European scale

Napoleon's Men Alan Forrest,2006-06-23 Napoleon s soldiers marched across Europe from Lisbon to Moscow and from Germany to Dalmatia Many of the men mostly conscripted by ballot had never before been beyond their native village What did they make of their extraordinary experiences fighting battles thousands of miles from home foraging for provisions or garrisoning town in hostile countries What was it like to be a soldier in the revolutionary and imperial armies We know more about these men and their reactions to war than about the soldiers of any previous army in history not just from official sources but from the large number of personal letters they wrote Napoleon s Men provides a direct insight into the experiences and emotions of soldiers who risked their lives at Austerlitz Wagram and Borodino Not surprisingly their minds often dwelt as much on what was happening at home and on mundane questions of food and drink as on Napoleon himself or the glory of France

The Emperor's Last Campaign Emilio Ocampo,2023-08-15 The fascinating story of the breakdown of the Spanish empire in America and the rise of the United States as a world power

Decline And Fall Of Napoleon's Empire Digby Smith,2005-06-01 Until now there has been no study of the significant errors that Napoleon made himself which though apparently trivial at the time proved to be major factors in his downfall Digby Smith tracks his rise to power his stewardship of France from 1804 15 and his exile He highlights his military mistakes such as his unwillingness to appoint an effective overall supremo in the Iberian Peninsula and the decision to invade Russia while the Spanish situation was spiralling out of control

The Napoleonic Empire Theodor Flathe,1902

Europe Under Napoleon Michael Broers,2014-11-18 Napoleon Bonaparte dominated the public life of Europe like no other individual before him Not surprisingly the story of the man himself has usually swamped the stories of his subjects This book looks at the history of the Napoleonic Empire from an entirely new perspective that of the ruled rather than the ruler Michael Broers concentrates on the experience of the people of Europe particularly the vast majority of Napoleon s subjects who were neither French nor willing participants in the great events of the period during the dynamic but short lived career of Napoleon when half the European continent fell under his rule In a new edition of a highly acclaimed book Broers weaves together a myriad of regional experiences to produce a social history of the Napoleonic Empire with a truly panoramic scope

Napoleon Steven Englund,2010-05-11 This sophisticated and masterful biography written by a respected French history scholar who has taught courses on Napoleon at the University of Paris brings new and remarkable analysis to the study of modern history

s most famous general and statesman Since boyhood Steven Englund has been fascinated by the unique force personality and political significance of Napoleon Bonaparte who in only a decade and a half changed the face of Europe forever In *Napoleon A Political Life* Englund harnesses his early passion and intellectual expertise to create a rich and full interpretation of a brilliant but flawed leader Napoleon believed that war was a means to an end not the end itself With this in mind Steven Englund focuses on the political rather than the military or personal aspects of Napoleon s notorious and celebrated life Doing so permits him to arrive at some original conclusions For example where most biographers see this subject as a Corsican patriot who at first detested France Englund sees a young officer deeply committed to a political event idea and opportunity the French Revolution not to any specific nationality Indeed Englund dissects carefully the political use Napoleon made both as First Consul and as Emperor of the French of patriotism or nation talk As Englund charts Napoleon s dramatic rise and fall from his Corsican boyhood his French education his astonishing military victories and no less astonishing acts of reform as First Consul 1799 1804 to his controversial record as Emperor and finally to his exile and death he is at particular pains to explore the unprecedented power Napoleon maintained over the popular imagination Alone among recent biographers Englund includes a chapter that analyzes the Napoleonic legend over the course of the past two centuries down to the present day French Republic which has its own profound ambivalences toward this man whom it is afraid to recognize yet cannot avoid Napoleon *A Political Life* presents new consideration of Napoleon s adolescent and adult writings as well as a convincing argument against the recent theory that the Emperor was poisoned at St Helena The book also offers an explanation of Napoleon s role as father of the modern in politics What finally emerges from these pages is a vivid and sympathetic portrait that combines youthful enthusiasm and mature scholarly reflection The result is already regarded by experts as the Napoleonic bicentennial s first major interpretation of this perennial subject

The Rule of Empires
Timothy Parsons, 2010-06-10 In *The Rule of Empires* Timothy Parsons gives a sweeping account of the evolution of empire from its origins in ancient Rome to its most recent twentieth century embodiment He explains what constitutes an empire and offers suggestions about what empires of the past can tell us about our own historical moment Parsons uses imperial examples that stretch from ancient Rome to Britain s new imperialism in Kenya to the Third Reich to parse the features common to all empires their evolutions and self justifying myths and the reasons for their inevitable decline Parsons argues that far from confirming some sort of Darwinian hierarchy of advanced and primitive societies conquests were simply the products of a temporary advantage in military technology wealth and political will Beneath the self justifying rhetoric of benevolent paternalism and cultural superiority lay economic exploitation and the desire for power Yet imperial ambitions still appear viable in the twenty first century Parsons shows because their defenders and detractors alike employ abstract and romanticized perspectives that fail to grasp the historical reality of subjugation Writing from the perspective of the common subject rather than that of the imperial conquerors Parsons offers a historically grounded cautionary tale rich with

accounts of subjugated peoples throwing off the yoke of empire time and time again In providing an accurate picture of what it is like to live as a subject *The Rule of Empires* lays bare the rationalizations of imperial conquerors and their apologists and exposes the true limits of hard power *The Napoleonic empire* Ferdinand Justi,Sara Yorke Stevenson,Morris Jastrow (Jr.),1905 *The End of Empires* Michael Gehler,Robert Rollinger,Philipp Strobl,2022-11-21 The articles of this comprehensive edited volume offer a multidisciplinary global and comparative approach to the history of empires They analyze their ends over a long spectrum of humankind s history ranging from Ancient History through Modern Times As the main guiding question every author of this volume scrutinizes the reasons for the decline the erosion and the implosion of individual empires All contributions locate and highlight different factors that triggered or at least supported the ending or the implosion of empires This overall question makes all the contributions to this volume comparable and allows to detect similarities differences as well as inconsistencies of historical processes **Napoleon at Home** Frédéric Masson,1894
 History of the Consulate and the Empire of France Under Napoleon Adolphe Thiers,1893

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **Napoleonic Empire** .
