**Napoleon's Great Adversaries** Gunther E. Rothenberg,1982      *Napoleon's Great Adversary* Gunther E. Rothenberg,1995      Napoleon's Great Adversary Gunther E. Rothenberg,2007-09-01 The largest force continually engaged against Napoleon was not the British army and Wellington but the Imperial and Royal Austrian Army led by Archduke Charles Gunter Rothenberg s work remains the definitive volume on the forces that inflicted the first defeat on the French and participated in all the Continental wars of the period      **Conscription in the Napoleonic Era** Donald Stoker,Frederick C. Schneid,Harold D. Blanton,2008-10-09 This edited volume explores conscription in the Napoleonic era tracing the roots of European conscription and exploring the many methods that states used to obtain the manpower they needed to prosecute their wars The lev e en masse of the French Revolution has often been cited as a Revolution in Military Affairs but was it truly a revolutionary break with past European practices of raising armies or an intensification of the scope and scale of practices already inherent in the European military system This international collection of scholars demonstrate that European conscription has far deeper roots than has been previously acknowledged and that its intensification during the Napoleonic era was more an evolutionary than revolutionary change This book will be of much interest to students of Military History Strategic Studies Strategic History and European History      **Artillery Of Napoleonic Wars** Kevin F. Kiley,2004-01-06 In this detailed study Kevin Kiley looks at artillery in use throughout the Napoleonic period He examines Napoleon s own artillery as well as that employed by his enemies and he evaluates the gunners contribution to warfare in the period By looking at particular battles in detail Kevin Kiley shows just how the effective employment of artillery could tip the scales of victory      *Napoleonic Wars* Frederick C. Schneid,2012 The essential bibliography of the Napoleonic Wars      The End of the Old Order Frederick Kagan,2006-07-10 Looks at the Corsican general s rise to power in France the impact of his quest for conquest on the changing face of Europe the seminal events of the period and the lives of key personalities and their roles during this time      **Napoleon's Great Adversary** Gunther Erich Rothenberg,1995 The largest force continually engaged against Napoleon and the forces of Revolutionary later Imperial France from 1792 to 1814 was the Imperial and Royal Austrian army It was this army which throughout Europe carried the burden of the war on land Though defeated repeatedly by Napoleon its record against French armies generally was good Rising from its previous defeats in 1809 the Austrian army inflicted the first defeat on Napoleon and in 1813 contributed the largest contingent to the Allied effort in Germany The effects of the political economic and social constraints are clearly explained to put the Austrian army in to the context of its day The major campaigns and important battles are covered in detail the strategy and tactics of its commanders are explained and analysed the initial organisation and subsequent reforms delineated to produce a thorough survey of the Austrian army BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Napoleon Michael Broers,2015-10-15 All previous lives of Napoleon have relied more on the memoirs of others than on

his own uncensored words This is the first life of Napoleon in any language that makes full use of his newly released personal correspondence compiled by the Napoleon Foundation in Paris All previous lives of Napoleon have relied more on the memoirs of others than on his own uncensored words Michael Broers biography draws on the thoughts of Napoleon himself as his incomparable life unfolded It reveals a man of intense emotion but also of iron self discipline of acute intelligence and immeasurable energy Tracing his life from its dangerous Corsican roots through his rejection of his early identity and the dangerous military encounters of his early career it tells the story of the sheer determination ruthlessness and careful calculation that won him the precarious mastery of Europe by 1807 After the epic battles of Austerlitz Jena and Friedland France was the dominant land power on the continent Here is the first biography of Napoleon in which this brilliant violent leader is evoked to give the reader a full dramatic and all encompassing portrait      **Napoleons Great Adversaries** Gunther E. Rothenberg,1982      **The Defense of the Napoleonic Kingdom of Northern Italy, 1813-1814** George F. Nafziger,Marco Gioannini,2002 A discussion of the two year campaign in Northern Italy 1813 14 within the larger context of the Napoleonic Wars Outnumbered by three to one the French commander Eugene Beauharnais fought an outstanding campaign covering all of Napoleon s southern front      *Napoleon's Conquest of Europe* Frederick C. Schneid,2005-05-30 Poised to strike at England in the summer of 1805 Napoleon found himself facing a coalition of European powers determined to limit his territorial ambitions Still in less than one hundred days Napoleon s armies marched from the English Channel to Central Europe crushing the armies of Austria and Russia the first step in his conquest of Europe In this telling new account Schneid demonstrates how this was possible Schneid details how Napoleon s victory over the Third Coalition was the product of years of diplomatic preparation and the formation of French alliances He played upon the prevailing conditions of the European state system and the internal politics of the Holy Roman Empire to improve France s strategic position This war must be understood in the context of the French Revolution and its influence on major and minor European states In some cases Napoleonic diplomacy returned to France s traditional and historic relationships in others he capitalized upon longstanding competition and animosities to gather allies and create wedges Schneid approaches the campaign from a broad diplomatic economic and military perspective including not only the French perspective but the points of view of the other powers involved as well This telling account reveals that the road to Vienna was paved long before Napoleon s armies marched upon the enemies arrayed against them      **Napoleon's Great Adversary** David Rothenberg,1995-09-21 Although little studied today this Austrian commander fought against Napoleon at the height of his power and came close to defeating him      **Austria's Wars of Emergence** Michael Hochedlinger,2003 Cover Half Title Title Page Copyright Page Dedication Table of Contents List of Maps List of Tables List of Figures Acknowledgements Abbreviations Glossary Introduction The belated great power Modest Origins the Habsburg Monarchy During the Second Half of the Seventeenth Century 1 The domestic foundations The question of terminology The territorial and administrative configuration of the Habsburg Monarchy
