## **Napoleons Legacy Problems Of Government In Restoration Europe:**

**Napoleon's Legacy** David Laven,Lucy Riall,2000     **A History of the European Restorations** Michael Broers,Ambrogio A. Caiani,2019-11-14 Europe's Restorations were characterised by their evolving dialectics The chapters in this first volume address the key questions and controversies of Napoleonic history from a national and international perspective From the re ordering of the European world through the tools of intervention occupation and diplomacy to the creation of new constitutional monarchies across France Scandinavia and Germany the volume outlines the processes that realigned national priorities and the accompanying dynamics of social and political identity In a structure that makes sense of what Luigi Mascilli Migliorini describes as the fiendishly complex process of reconstructing order in post Napoleonic Europe this collection of essays brings together experts in the field to set a new precedent for transnational research frameworks in the study of the European Restorations

**Venice and Venetia under the Habsburgs** David Laven,2002-08-22 The Austrian domination of Venice and Venetia after the Congress of Vienna has traditionally received a bad press The Restoration regime was long vilified as oppressive and exploitative and in direct opposition to the interests of almost all classes of the population This volume questions this view arguing from detailed archival research that Francis I's rule brought many real benefits to his Venetian subjects The root of the remarkable passivity of Venetia in the years after the fall of Napoleon should not be explained in terms of pervasive policing heavy handed censorship and the presence of Metternich's forest of bayonets but rather by the existence of a fair and responsive if sometimes cumbersome administrative structure Having outlined the origins of Austrian control of Venetia in terms of radical political and territorial changes experienced during the Revolutionary and Napoleonic period this work examines the mechanisms of Austrian rule Early chapters focus on the uncomfortable tensions that existed between the temptation to retain a modernised machinery of state inherited from Napoleon's Kingdom of Italy and the desire to look to models existing in the rest of the Habsburg Monarchy with the aim of creating greater uniformity with the rest of the multinational empire Various aspects of the Habsburg system are examined to assess the burden of Austrian control in the form of taxation and conscription and the way in which education policing the Church and censorship were used in sometimes surprising ways to attach the Venetian population to their Habsburg masters Finally the book addresses the question of what went wrong between the death of Francis I in 1835 and the Venetian insurrection of 1848/9 to alienate the population so radically

**Napoleon's Empire** Ute Planert,2016-01-26 The Napoleonic Empire played a crucial role in reshaping global landscapes and in realigning international power structures on a worldwide scale When Napoleon died the map of many areas had completely changed making room for Russia's ascendancy and Britain's rise to world power

**Scandinavia After Napoleon** Rasmus Glenthøj,Morten Nordhagen Ottosen,2024-05-13 This book explores the intellectual grounds of Scandinavianist ideology and its political development into a national unification movement Denmark Norway and Sweden were nearly annihilated during the Napoleonic Wars The lesson learned was that

survival was a matter of size Whereas their union of 1814 offered Sweden Norway geostrategic security tempered by fear of Russia Denmark was the biggest territorial loser of the Napoleonic Wars and faced separatism connected to German nationalism in the duchies of Schleswig and Holstein This evolved into a national conflict that threatened Denmark's survival as a nation Meanwhile a new generation of Danes Swedes and Norwegians had come to regard kindred language culture and religion as a case for Scandinavian union that could offer protection against Russia and Germany When the European revolutions of 1848 unleashed the First Schleswig War the influence of Scandinavianism was such that it nearly turned into a Scandinavian war of unification

*Napoleon's Legacy* David Laven,Lucy Riall,2000-02 A revisionist collection of essays which reassess the legacy of the French Revolution and the Napoleonic Wars on the governments of Restoration Europe The papers are based on recent research

*Empire's Law* Amy Bartholomew,2006-03-20 Can democracy and human rights really be imposed by fire and sword This is a collection of essays debating empire and international law concerning the relationship between American imperialism the abuse of humanitarian intervention and its legal implications Covering everything from the role of Europe and the UN to people's tribunals to broader accounts of the contradictions of war and human rights the contributors offer new and innovative ways of examining the problems that we face Contributors include Leo Panitch Sam Gindin Jurgen Habermas Ulrich Preuss Andrew Arato Samir Amin Reg Whitaker Denis Halliday and Hans von Sponeck

**French Rule in the States of Parma, 1796-1814** Doina Pasca Harsanyi,2022-04-28 This book addresses the interplay between collaboration and resistance during the Revolutionary Napoleonic era in the Duchies of Parma

Piacenza and Guastalla renamed States of Parma in 1802 and Department of Taro in 1808 Considered no more than a docile backwater in 1796 the country exploded in violent rebellion at the end of 1805 to the astonishment of the French imperial establishment and of Napoleon himself Yet the insurgency duly suppressed by the French military did not beget further confrontation French administrators determined to demonstrate that the empire was a force for good and local citizens compelled to reassess their circumstances realistically settled for cooperation in the form of protracted give and take arrangements In recounting the events this book highlights local agency and the myriad ways Parma's population harnessed the power of empire to shape what eventually became the Napoleonic legacy in the region

*The Clash of Ideas in World Politics* John M. Owen IV,2010-07-19 Some blame the violence and unrest in the Muslim world on Islam itself arguing that the religion and its history is inherently bloody Others blame the United States arguing that American attempts to spread democracy by force have destabilized the region and that these efforts are somehow radical or unique Challenging these views The Clash of Ideas in World Politics reveals how the Muslim world is in the throes of an ideological struggle that

extends far beyond the Middle East and how struggles like it have been a recurring feature of international relations since the dawn of the modern European state John Owen examines more than two hundred cases of forcible regime promotion over the past five centuries offering the first systematic study of this common state practice He looks at conflicts between

Catholicism and Protestantism between 1520 and the 1680s republicanism and monarchy between 1770 and 1850 and communism fascism and liberal democracy from 1917 until the late 1980s He shows how regime promotion can follow regime unrest in the eventual target state or a war involving a great power and how this can provoke elites across states to polarize according to ideology Owen traces how conflicts arise and ultimately fade as one ideology wins favor with more elites in more countries and he demonstrates how the struggle between secularism and Islamism in Muslim countries today reflects broader transnational trends in world history    **Crime, Punishment, and Reform in Europe** Louis A.

Knafla,2003-04-30 This volume contains essays of the history of crime punishment and reform in Europe from the 18th century onward It also contains two long book review essays and 22 book reviews on major works that have appeared in the subject from the mid 1990s Knafla s introduction outlines the issues and themes that are contained in the essays and the reviews As in the other volumes in this series a comprehensive index identifies all subjects names and places in the volume This is an important resource for scholars students and other researchers involved with criminal justice issues and European history    **Risorgimento** Lucy Riall,2009-01-02 A provocative and readable examination of the Risorgimento and the Italian unification incorporating the latest research    **Empires and States in European Perspective** Steven Ellis,2002    A

History of Eastern Europe 1740-1918 Ian D. Armour,2006-11-24 Ian Armour s authoritative history of Eastern Europe spans the turbulent years from 1740 to 1918 It traces how the big powers most notably the Habsburg Ottoman and Russian Empires jostled for control in the region and examines the roots of nationalism which were nurtured by harrowing poverty and social turmoil    *The Making of the West, Combined Version (Volumes I & II)* Lynn Hunt,2009 The Making of the West offers a geographically and culturally expansive conception of the West that prepares students to understand today s globalized world Its integrated chronological narrative makes the impact of historical developments clear by highlighting the interconnections among the politics people and ideas of a specific period From the book s conception the authors a team of renowned scholars and expert teachers have worked to provide a new vision of the West based on cutting edge scholarship The narrative enhanced by a rich and informative art and map program distills the latest research and consistently treats topics underserved in other books the West in global perspective high and popular art and culture and gender

**Constructing a Federal State** Daniel Foran Ziblatt,2002    **Western Civilization Since 1560** Thomas F. X. Noble,William Cohen,Kristen Neuschel,Duane Osheim,Barry S. Strauss,2005-03    **The Eighteenth Century** American Society for Eighteenth-Century Studies,Jim Springer Borck,2006-12 This 17th volume from the series of bibliographies of the 18th century is divided into sections on printing and bibliographic studies historical social and economic studies philosophy science and religion the fine arts literary studies and individual authors    **Place and Politics** Katherine Aaslestad,2005 This study examines North Germany during the transformative era of the French Revolution Napoleonic occupation and Wars of Liberation it reveals international exploitation military occupation economic destruction of the city state Hamburg as well

as the republic's liberation and post Napoleonic autonomy Examining shifts within local culture and the role of public opinion on civic morality this book underscores the relationship between the civic ethics public language and collective memory in the construction of political identity and concludes that the transformation in values at the local level ultimately provides the crucial direction in the process of modern nation building Throughout the 1800s the public commemoration and memory of occupation and liberation rather than the actual Napoleonic experience shaped the development of German nationalism

**International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences** ,2001      **Western Civilization Since 1560** Noble, Joshua Kimberley Diane,Thomas F. X. Noble,Barry Strauss,Duane Osheim,Kristen Neuschel,William Cohen,2004-06 Western Civilization leads the market as the first western civilization text to include a separate chapter on Late Antiquity and the first to use the new political history the effect of power and politics on all members of society at the center of its narrative Recognizing that European history was affected by factors outside the continent this text looks at Europe by examining its place in the world With an emphasis on the experimental nature of political and social history the text challenges students to explore why and how history unfolded as it did
