Narrative In The Hebrew Bible:

Narrative in the Hebrew Bible David M. Gunn,Danna Nolan Fewell,1993 After almost two centuries of historical criticism biblical scholarship has recently taken major shifts in direction most notably toward literary study of the Bible Much germinal criticism has taken as its primary focus narrative texts of the Hebrew Bible the Old Testament This study provides a lucid guide to the interpretive possibilities of this movement Attempting to be both theoretical and practical it combines discussion of methods and the business of reading in general with numerous illustrations through readings of particular texts Gunn and Fewell discuss how literary criticism is related to other dominant ways of reading the text over the last two thousand years In addition they address characters including the narrator and God plot modifying recent theory to accommodate the peculiar complexity of biblical narratives and the play of language through repetition ambiguity multivalence metaphor and intertextuality Finally the authors discuss readers and responsibility exploring the ideological dimension of narrative interpretation An extensive bibliography completes the book arranged by subject and biblical text

Narrative Analogy

in the Hebrew Bible Joshua Berman,2004-07-01 This volume sheds fresh light upon the phenomenon of narrative doubling in the Hebrew Bible Through an innovative interdisciplinary model the author defines the notion of narrative analogy in relation to other literatures where it has been studied such as English Renaissance drama and makes extensive critical use of contemporary literary theory particularly that of the Russian formalist Vladimir Propp His exploitation of narrative doubling with a focus upon the metaphorical reorients our reading by uncovering a major dynamic in biblical literature The author examines several battle reports and demonstrates how each could be interpreted as an oblique commentary and metaphor for the non battle account that immediately precedes it Battle scenes are revealed to stand in metaphoric analogy with among others accounts of a trial a rape a drinking feast and a court deliberation Joshua Berman offers new insights to the ever growing concern with the relationship between historiography and literary strategies and succeeds in articulating a new aspect of biblical ideology concerning human and divine relationship

Style And Structure In Biblical Hebrew

Narrative Jerome T. Walsh,2017-08-24 The pages of the Hebrew Bible are filled with stories short and long funny and sad histories fables and morality tales The ancient narrators used a variety of stylistic devices to structure to connect and to separate their tales and thus to establish contexts within which meaning comes to light What are these devices and how do they guide our reading and our understanding of the text Style and Structure in Biblical Hebrew Narrative explores some of the answers and shows scriptural interpretation can be a matter of style Part one of Style and Structure in Biblical Hebrew Narrative examines a wide variety of symmetrical patterns biblical Hebrew narrative uses to organize its units and subunits

and the interpretive dynamics those patterns can imply Part two addresses the question of boundaries between literary units Part three examines devices that biblical Hebrew narrative uses to connect consecutive literary units and subunits Chapters in Part One Structures of Organization are Reverse Symmetry Forward Symmetry Alternating Repetition Partial Symmetry Multiple Symmetry Asymmetry Chapters in Part Two Structures of Disjunction are Narrative Components Repetition and Narrative Sequence Chapters in Part Three Structures of Conjunction are Threads Links Examples Linked Threads Examples Hinges Examples and Double Duty Hinges Examples Jerome T Walsh PhD is a professor of theology and religious studies at the University of Botswana He is the author of 1 Kings in the Berit Olam The Everlasting Covenant Studies in Hebrew Narrative and Poetry series for which he is also an associate editor

Narrative Obtrusion in the Hebrew Bible

Christopher T. Paris,2014 Narrators of the Hebrew Bible generally allow their stories to proceed while relying on characters and dialogue to provide necessary information Paris calls attention to when the story teller breaks frame to provide information or direct reader understanding preventing undesirable construals or interpretations of the story After surveying the phenomenon in the Hebrew Bible and other ancient Near Eastern literature Paris focuses on the Deuteronomistic History Paris argues that attention to narrative obtrusion offers an entry point into the world of the narrator and redefines aspects of narrative criticism

Barrenness Narratives Janice P. De-Whyte,2018-06-12 In Wom b an A Cultural Narrative Reading of the Hebrew Bible Barrenness Narratives Janice Pearl Ewurama De Whyte offers a reading of the Hebrew Bible barrenness narratives The original word wom b an visually underscores the centrality of a productive womb to female identity in the ANE and Hebrew contexts Conversely barrenness was the ultimate tragedy and shame of a woman Utilizing Akan cultural custom as a lens through which to read the Hebrew barrenness tradition De Whyte uncovers another kind of barrenness within these narratives Her term social barrenness depicts the various situations of childlessness that are generally unrecognized in western cultures due to the western biomedical definitions of infertility Whether biological or social barrenness was

perceived to be the greatest threat to a woman's identity and security as well as the continuity of the lineage. Women examines these narratives in light of the cultural meanings of barrenness within traditional cultures ancient and present

Preaching Old Testament John C. Holbert, 1991 Old Testament Narrative Jerome T. Walsh, 2010-02-01 The Old Testament's stories are intriguing, mesmerizing and provocative not only due to their ancient literary craft but also because of their ongoing relevance. In this volume well suited to college and seminary use Jerome Walsh explains how to interpret these narrative passages of Scripture based on standard literary elements such as plot, characterization, setting, pace, point of view and patterns of repetition. What makes this book an exceptional resource is an appendix that offers practical examples of narrative interpretation something no other book on Old Testament interpretation offers.

Psalm and Story James W. Watts, 1992-09-01 This book addresses the literary, historical and methodological issues which have been raised by the appearance of psalms in narrative contexts of the Hebrew Bible. The narrative role of each psalm is explored to determine the reasons for its present position. The study of each psalm's narrative role leads to a re-evaluation of the evidence for its secondary status in the prose context. The results of each separate analysis are compared to see what larger literary, historical and methodological patterns emerge.

Reading Between Texts Danna Nolan Fewell, 1992-01-01 Intertextuality the reading of one text in terms of another is a diverse practice. It is a central and prevalent subject in poststructuralist literary theory. *Reading between Texts* is the first book to address intertextuality as it relates specifically to interpretation of the Hebrew Bible. The contributors bring together lucid theoretical discussion and sophisticated interpretations from a variety of backgrounds offering biblical scholars and students a helpful and thorough introduction to the issues and possibilities of intertextuality. The *Literary Currents in Biblical Interpretation* series explores current trends within the discipline of biblical interpretation by dealing with the literary qualities of the Bible, the play of its language, the coherence of its final form and the relationships between text and readers. Biblical interpreters are being challenged to take responsibility for the theological, social and ethical implications of their readings. This series encourages original readings that breach the confines of traditional biblical criticism.

Narrative Analogy in the Hebrew Bible Joshua Berman, Universitat Bar-Ilan. Mahlaqa letanakh, 2002

God as an Absent Character in Biblical Hebrew Narrative Amelia Devin Freedman, 2005

Although the Hebrew Bible as a whole is centered on God and God's relations with Israel, the character of God appears in most biblical stories only indirectly. How are modern readers to make sense of this paradox? *God as an Absent Character in Biblical Hebrew Narrative* establishes a set of literary methods that both academic and non-academic readers can use to understand the character of God who is the single most important character in Hebrew Bible narrative and strangely absent from the majority of it.

Reading Hebrew Bible Narratives John Andrew Dearman, 2018 This study introduces readers to the narrative traditions of the Old Testament and to methods of interpreting them. Sharon,2002-06-30 Diane Sharon uses the tools of structuralist literary criticism to uncover social and theological patterns in biblical literature She provides a brief framework for understanding the approach used in her study then demonstrates that the notion of destiny specifically the ideas of establishment foundation and condemnation doom are embedded in narrative that includes an eating and drinking event **Topic, Focus and Foreground in Ancient Hebrew Narratives** Jean-Marc Heimerdinger,1999-08-01 This study breaks new ground in describing how various linguistic and pragmatic mechanisms affect both the form of the narrative clause and the arrangement of the grammatical elements The various possible forms that a narrative clause can take are classified in terms of their topic comment and focus presupposition and it is argued that the way in which these are articulated dictates the word order in the clause The outcome of the study demonstrates that the traditional binary distinction between foreground and background based purely on verb forms is inadequate A new model is offered showing how foregrounding is achieved by exploiting cognitive structures or by using specific evaluative devices
