Narratives Of Greater Mexico Essays On Chicano Literary History Genre And Borders Cmas History:

Narratives of Greater Mexico Héctor Calderón, 2004 Once relegated to the borders of literature neither Mexican nor truly American Chicana o writers have always been in the vanguard of change articulating the multicultural ethnicities shifting identities border realities and even postmodern anxieties and hostilities that already characterize the twenty first century Indeed it is Chicana o writers very in between ness that makes them authentic spokespersons for an America that is becoming increasingly Mexican Latin American and for a Mexico that is ever more Americanized In this pioneering study Hector Calder n looks at seven Chicana and Chicano writers whose narratives constitute what he terms an American Mexican literature Drawing on the concept of Greater Mexican culture first articulated by Am rico Paredes Calder n explores how the works of Paredes Rudolfo Anaya Tom s Rivera Oscar Zeta Acosta Cherr e Moraga Rolando Hinojosa and Sandra Cisneros derive from Mexican literary traditions and genres that reach all the way back to the colonial era His readings cover a wide span of time 1892 2001 from the invention of the Spanish Southwest in the nineteenth century to the Am rica Mexicana that is currently emerging on both sides of the border In addition to his own readings of the works Calder n also includes the writers perspectives on their place in American Mexican literature through excerpts from their personal papers and interviews correspondence and e mail exchanges he conducted with most of them

Latinos and Nationhood Nicolás Kanellos, 2023-10-03 Spanning from the early nineteenth century to today this intellectual history examines the work of Latino writers who explored the major philosophic and political themes of their day including the meaning and implementation of democracy their democratic and cultural rights under U S dominion their growing sense of nationhood and the challenges of slavery and disenfranchisement of women

in a democratic republic that had yet to realize its ideals Over the course of two centuries these Latino or Hispanic intellectuals were natural born citizens of the United States immigrants or political refugees Many of these intellectuals whether citizens or not strove to embrace and enliven such democratic principles as freedom of speech and of the press the protection of minorities in the Bill of Rights and in subsequent laws and the protection of linguistic and property rights among many others guaranteed by treaties when the United States incorporated their homelands into the Union The first six chapters present the work of lesser known historical figures most of whom have been consistently ignored by Anglo and Euro centric history and whose works have been widely inaccessible until recently who were revolutionaries editors of magazines and newspapers and speechmakers who influenced the development of a Latino consciousness The last three chapters deal with three foundational figures of the Chicano Movement the last two of whom either subverted the concept of nationhood or went beyond it to embrace internationalism in an outreach to humanity as a whole Latinos and Nationhood sheds new light on the biographies of Félix Varela José Alvarez de Toledo y Dubois Francisco Ramírez Tomás Rivera Rolando Hinojosa Smith and Gloria E. Anzaldúa among others

Iberoamericana, 2007 *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures*, 2006 *Bridges, Borders, and Breaks* William Orchard, Yolanda Padilla, 2018-10-26 This volume reassesses the field of Chicana/o literary studies in light of the rise of Latina/o studies the recovery of a large body of early literature by Mexican Americans and the transnational turn in American studies The chapters reveal how Chicana/o defines a literary critical sensibility as well as a political one and show how this view can yield new insights about the status of Mexican Americans the legacies of colonialism and the ongoing prospects for social justice Chicana/o literary representations emerge as significant examples of the local that interrogate globalization's attempts to erase difference They also highlight how Chicana/o literary studies interests in racial justice and the minority experience have produced important intersections with new disciplines while also retaining a distinctive character The recalibration of Chicana/o literary studies in light of these shifts raises important methodological and disciplinary questions which these chapters address as they introduce the new tools required for the study of Chicana/o literature at this critical juncture Chicano Narrative Ramón Saldivar, 1990 In struggling to retain their cultural unity the Mexican American communities of the American Southwest in the nineteenth and twentieth centuries have produced a significant body of literature Chicano Narrative examines representative narratives including the novel short story narrative verse and autobiography that have been excluded from the American canon
