Stages of Struggle John Louis DiGaetani,2015-01-27 One way or another all playwrights use their work to explore the issues that interest them The characters in a play may trumpet their creator s political views from the stage or an unusual structure or set design may result from the playwright s interest in theatrical form It is also common particularly in the plays of the 20th and 21st century to see a playwright delving into psychological issues raised by his own mental struggles or those of people he loves Luigi Pirandello tormented by the schizophrenia of his wife and other family members repeatedly explored the problems caused by different visions of reality Noel Coward s self obsessed characters reflect his own narcissism Alcoholism is a recurrent theme in the works of many playwrights including Eugene O Neill Edward Albee and Brian Friel Through their exploration of these issues and more the great writers of the theater have turned suffering into art This book looks at the work of 20 playwrights to see how their examination of the disturbed mind has influenced the modern theater

Masculinities without Men? Jean Bobby Noble,2010-10-01 Conventional ideas about gender and sexuality dictate that people born with male bodies naturally possess both a man s identity and a man s right to authority Recent scholarship in the field of gender studies however exposes the complex political technologies that construct gender as a supposedly unchanging biological essence with self evident links to physicality identity and power In *Masculinities without Men* Jean Bobby Noble explores how the construction of gender was thrown into crisis during the twentieth century resulting in a permanent rupture in the sex gender system and how masculinity became an unstable category altered across time region social class and ethnicity This groundbreaking study maps historical similarities in fictional cultural and representational practices between the periods of modernism and postmodernism Noble examines nineteenth century sexology drama and trial transcripts and late twentieth century counter cultural fiction popular film and documentaries and theoretical texts Among the works analyzed closely are texts that have been the focus of lesbian queer and feminist theory Radclyffe Hall s *The Well of Loneliness* Leslie Feinberg s *Stone Butch Blues* and the film *Boys Don t Cry* These as Noble illustrates make use of similar types of narratives structures and thematic

techniques to articulate female masculinity Also included is an exploration of Rose Tremain's Sacred Country which has never before been studied within this context Through a critical examination of these texts Noble demonstrates that transgendered and trans sexual masculinity began to emerge as a unique category in late twentieth century fiction distinct from lesbian or female masculinity Of interest to scholars and students with an interest in sexuality and gender studies Masculinities without Men also makes a vital contribution to literary criticism as well as to cultural and film studies

Words at Play Londre, Felicia Hardison,2005

Female Masculinity Judith Halberstam,Jack Halberstam,1998

Masculinity without men In *Female Masculinity* Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years Providing the first full length study on this subject Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth century pre lesbian practices to contemporary drag king performances Through detailed textual readings as well as empirical research Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them She rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity She considers the enigma of the stone butch and the politics surrounding butch femme roles within lesbian communities She also explores issues of transsexuality among transgender dykes lesbians who pass as men and female to male transsexuals who may find the label of lesbian a temporary refuge Halberstam also tackles such topics as women and boxing butches in Hollywood and independent cinema and the phenomenon of male impersonators *Female Masculinity* signals a new understanding of masculine behaviors and identities and a new direction in interdisciplinary queer scholarship Illustrated with nearly forty photographs including portraits film stills and drag king performance shots this book provides an extensive record of the wide range of female masculinities And as Halberstam clearly demonstrates female masculinity is not some bad imitation of virility but a lively and dramatic staging of hybrid and minority genders
