**Before and After the Book Deal** Courtney Maum, 2020-01-07 Everything you've ever wanted to know about publishing but were too afraid to ask is right here in this funny candid guide written by an acclaimed author. There are countless books on the market about how to write better but very few books on how to break into the marketplace with your first book. Cutting through the noise and very mixed advice online while both dispelling rumors and remaining positive Courtney Maum's *Before and After the Book Deal* is a one of a kind resource that can help you get your book published. *Before and After the Book Deal A Writer's Guide to Finishing Publishing Promoting and Surviving Your First Book* has over 150 contributors from all walks of the industry including international bestselling authors Anthony Doerr, Roxane Gay, Garth Greenwell, Lisa Ko, R.O. Kwon, Rebecca Makkai, and Ottessa Moshfegh alongside cult favorites Sarah Gerard, Melissa Febos, Mitchell S. Jackson, and Mira Jacob. Agents, film scouts, film producers, translators, disability and minority activists, and power agents and editors also weigh in offering advice and sharing intimate anecdotes about even the most taboo topics in the industry. Their wisdom will help aspiring authors find a foothold in the publishing world and navigate the challenges of life before and after publication with sanity and grace. Are MFA programs worth the time and money? How do people actually sit down and finish a novel? Did you get a good advance? What do you do when you feel envious of other writers? And why the heck aren't your friends saying anything about your book? Covering questions ranging from the logistical to the existential and everything in between, *Before and After the Book Deal* is the definitive guide for anyone who has ever wanted to know what it's really like to be an author.

*Facebook and Twitter For Seniors For Dummies* Marsha Collier, 2014-08-18 Provides information for seniors on the social networking sites Facebook and Twitter covering such topics as staying safe on the Internet using email, setting up a Facebook profile and finding trending topics on Twitter. [Digital Transformation and Internationalization Strategies in Organizations](#) Yildiz, Orkun, 2021-10-15 Competitive strategies and higher education industry collaboration policies are playing an important role in fostering the reputation and international rankings of higher education institutions. The positive impact of these policies may best be observed in economic and social outputs of many countries such as the USA, Singapore, South Korea, EU countries and Turkey. However, the number of academic publications that specifically concentrate on the impact of these policies on higher education institutions and authorities remains relatively limited. *Digital Transformation and Internationalization Strategies in Organizations* covers a wide range of issues and topics including employment systems, quality management systems, international ranking systems in higher education, education and language policies in higher education and business models employed in techno parks. This book helps higher education institutions manage their manpower and become cognizant of the factors that may exert a drastic impact on their success. It is ideal for managers, executives, IT consultants, researchers, practitioners, academics, professors and undergraduate and postgraduate students.
