My Vanished Africa:

My Vanished Africa Peter William Rainier, 1940 My Vanishing African Dreams Susan M. Hall, 2017-04-21 My Vanishing African Dreams describes my unusual and exciting life as a woman both on our cattle ranch where we were traders in beef cattle in Kenya and my remarkable experiences exploring Kenya's mostly uninhabited Northern Frontier District. My story includes the mountains I've climbed and the dangers of those climbs as well as treacherous experiences encountering wildlife I was taught to fly by my father and during our flying years survived aircraft accidents and other unforeseen tragedies. My travels to the United States and the adventures there with friends are also included. But my story is really about the never-ending excitement and danger of everyday life in the African wilderness. Even though it is almost 2017 we still get our hot water from lighting a fire in a wood burner to heat it. We collect our rain water off the house roof which runs along gutters into huge underground storage tanks. We are miles from a shopping centre and need a 4x4 Land Rover to get anywhere on our dirt roads that are filled with huge potholes.

Vanishing Africa, 1982 Contains over 100 full color photographs of Africa and its people **The Vanishing Game of South Africa** William Temple Hornaday, Alwin Karl Haagner, 1922 Vanishing Faces of Southern Africa Donald Heywood, 1994 **Africa's Vanishing Art** Mary Douglas Leakey, 1983 The Tanzanian rock paintings perhaps initiated as far back as 29 000 years ago are clear and fascinating portrayals of human life in the Stone Age. The artists drew hunting scenes depicting lions and elephants, they showed rhinoceroses pursuing each other in courtship, people bathing, even tribesmen arguing over a young girl. Sadly, the art of these Tanzanian rock shelters is vanishing fast. Rain and wind have taken their toll, aided by vandalism. But a lasting record remains created by Mary Leakey who with her husband Louis in the early 1950s painstakingly traced the paintings of 186 rock shelters and then recreated the paintings in their original colors. A selection of these unique works of art is published here for the first time with detailed captions by Mary Leakey giving the background to each painting and exploring its significance in terms of our present knowledge of prehistoric man.
