**Myrtle of Willendorf** Rebecca O'Connell,2000 A bright and artistic young woman with a fondness for junk food experiences a kooky modern day coming of age by way of the Goddess within     **Humor in Young Adult Literature** Walter Hogan,2005-01-20 Celebrates the accomplishments of YA authors acclaimed for producing high quality comedies who have not yet been treated in a book length bio critical study Simultaneously it reminds readers that no matter how funny an author of fiction may be if he shows off his wit in ways that fail to play a natural role in advancing his narrative he is not writing good fiction To demonstrate this humorous passages are presented to illustrate the contribution a sense of humor can make to a work of fiction The book is arranged topically to facilitate a comparison of distinctive treatments by various authors of adolescent life events such as sibling rivalry bullies and first dates     **Divine Messengers** Hannelore Goos,2019-03-22

In western astrology we use of course Roman names for the planetary symbols but when you look on the mythological explanations you usually get Greek mythology to explain them Doesn t count NOMEN EST OMEN Searching the mythological rests of the original deities Mercury Venus Mars Jupiter and Saturnus it was necessary to dive deeply into the history of theology because the well known literates like Ovid Virgil and Lucretius preferred to retell Greek myths instead of preserving their own roots In the last centuries until about 1900 these authors were taken as sources for theological research and there was no discrimination between literature poetry and original italic tradition Perspective and moral view of the 19th century added more misinterpretations and made the knowledge of Roman religion almost vanish Existing rests are collected in this book and compared with the actual astrological symbols So the reader can recognize how much of Roman ideas can be found in the planetary symbols nowadays Simultaneously new points of view are opened for the interpretation of Mercury Venus Mars Jupiter and Saturn
