Mysterium Paschale Hans Urs von Balthasar,2019 Translated by Aidan Nichols OP This is an account at once rigorously theological and warmly devotional of the death and resurrection of Christ and their significance for the Christian life Von Balthasar offers sharp insights into some current controversies for example the bodiliness of the Resurrection and spiritual inspiration for the year round This scholarly reflection of the climax of the Christian year is an established classic of

contemporary Catholic theology **Mysterium Paschale** Hans Urs von Balthasar,1990 At once rigorously theological and warmly devotional this book gives an account of Christ s death and resurrection and their significance for the Christian life Reflecting Balthasar s characteristically Christocentric theology this is the first volume in Eerdman s new series

Resourcement Theology Retrieval and Renewal in Catholic Thought edited by David L Schindler **The Trinity and the Paschal Mystery** Anne Hunt,1997 As a text for college or graduate student courses as a scholarship reference and as a guide for interested educated laity The Trinity and the Paschal Mystery is an exhilarating and invigorating journey into the most central of the Christian mysteries the triune God The book is a valuable and thought provoking resource that complements and enriches current theologies of the Trinity **Mysterium Paschale** Hans Urs von Balthasar

(cardinale),1990 **The Wisdom and Power of the Cross** Richard Viladesau,2020-09-17 The Wisdom and Power of the Cross is the fifth and final entry in Richard Viladesau s well regarded series on the theology of the cross from the historical crucifixion of Jesus to the present day Continuing his analysis of theological history through cultural contexts this volume correlates theoretical approaches with artistic representations showing the relation of theoretical to imaginative approaches

The Wisdom and Power of the Cross examines modern and contemporary thought and images which look at the cross in the light of modern historical and scriptural studies science and the novelties of modern and post modern art and music

Viladesau here considers how the passion of Christ has been thought about by theologians and portrayed by artists in the modern world Contemporary art and music reveal the lasting power of traditional images of the passion as well as new possibilities for expression The Wisdom and Power of the Cross surveys both traditional approaches to soteriology and

revisionist theologies that take up the challenge of the meaning of the cross today in light of critical historical studies and modern science providing new understandings of traditional concepts like original sin and redemption Through his in depth exploration of the interweaving of aesthetic and conceptual theology Viladesau once more deepens our understanding of the foremost symbol of Christianity and its role in salvation history **Reclaiming Participation** Cynthia Peters

Anderson,2014-11-01 In an era that oscillates regularly between nihilism and the erosion of moral vision on the one hand and pseudo gnostic myths of self apotheosis on the other the classical Christian claim of human participation in the divine as the story of the transformation of human life in its physical moral spiritual and eschatological dimensions takes on radical counter cultural color It is an affirmation that offers hope and meaning for humanity secured by God s participation in human life through Jesus Christ The Christological ground of this claim is crucial to secure and animate the argument of this text The author performs in this a retrieval of the Christological vision of the unification of the divine and the human in the single subject of Jesus Christ as the programmatic center point of human transformation and participation articulated particularly by Cyril of Alexandria The patristic pattern is used as a lens through which to examine and assess modern iterations those of Karl Barth and Hans Urs von Balthasar In this the author provides a critical updating of this vital classical theme annotating a vision of divine life opened up for created participation that can foster hope in the climes of contemporary life **Hans**

Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin,2015-09-15 In Hans Urs von Balthasar and the Critical Appropriation of Russian Religious Thought Jennifer Newsome Martin offers the first systematic treatment and evaluation of the Swiss Catholic theologian s complex relation to modern speculative Russian religious philosophy Her constructive analysis proceeds through Balthasar s critical reception of Vladimir Soloviev Nicholai Berdyaev and Sergei Bulgakov with respect to theological aesthetics myth eschatology and Trinitarian discourse and examines how Balthasar adjudicates both the possibilities and the limits of theological appropriation especially considering the degree to which these Russian thinkers have been influenced by German Idealism and Romanticism Martin argues that Balthasar s creative reception and modulation of the thought of these Russian philosophers is indicative of a broad speculative tendency in his work that deserves further attention In this respect Martin consciously challenges the prevailing view of Balthasar as a fundamentally conservative or nostalgic thinker In her discussion of the relation between tradition and theological speculation Martin also draws upon the understudied relation between Balthasar and F W J Schelling especially as Schelling s form of Idealism was passed down through the Russian thinkers In doing so she persuasively recasts Balthasar as an ecumenical creatively anti nostalgic theologian hospitable to the richness of contributions from extra magisterial and non Catholic sources

Evolving Grace Jean-Pierre Fortin,2024-12-15 Evolving Grace The Spiritual History of a Christian Doctrine seeks to bring out the personal living significance and transformative power of the Christian faith throughout the ages This book spans from Patristic foundations through the elaborated systematic constructions of the Middle Ages to the profound transformation induced by the Protestant Reformation and Roman Catholic responses to it to twentieth century de and reconstructions This theological history grounded in and reflective of the spiritual experience and development of real Christians in and from the past contributes to the production and nurturing of a living theology in and for the present

Deus Trinitas David Coffey,1999-09-09 Recent years have seen a resurgence of interest in the doctrine of the Trinity

following a long period in which it was considered irrelevant to the rest of theology and to the challenge of Christian life In this book David Coffey claims that this resurgence is caused by a renewed appreciation of the fact that salvation itself has a Trinitarian structure He argues that we cannot understand salvation without a solid understanding of the Trinity Coffey considers the full range of issues surrounding this central doctrine of Christian faith Viewing the doctrine of the Trinity in its historical and ecumenical context he seeks to arrive at a balanced vision that incorporates the insights of both the Western and the Eastern Churches In particular he wants to keep in sight both the immanent Trinity the Godhead considered in itself and the economic Trinity that is its role within the economy of salvation In Coffeys own model of the Trinity the Holy Spirit is seen as the objectivization of the mutual love of the Father and the Son This idea is most closely associated with St Augustine and Richard of St Victor Coffey however takes it much further presenting it as an explanation of the origin of the Son and the Holy Spirit and of the manner of operation of the Trinity in the economy From this model he is also able to derive a suggestion for resolving the ecumenical problem of Filioquism vs Monopatrism concerning the procession of the Holy Spirit the issue that has divided East from West for nearly a millennium Presenting a new perspective on a topic of renewed theological interest this comprehensive study has important implications for ecumenical discussions of the Trinity

Journal of Theological Studies ,1914 *Commentary on the Epistles for the Sundays and Other Holy Days of the Christian Year ...* William Denton,1881 **The Dramatic Encounter of Divine and Human Freedom in the Theology of Hans Urs Von Balthasar** Thomas G. Dalzell,2000 This book surveys the major theological writings of Hans Urs von Balthasar from the perspective of the relationship between finite and infinite freedom The first part examines Balthasar s early treatment of the question in the context of the analogy of being The second part concentrates on the Theological Dramatics **New Oxford Review** ,2002 **Resurrection Reconsidered** Gavin D'Costa,1996 Revisits the vexed question arguably at the very heart of the Christian faith What is the nature of the resurrection **Christian Spirituality and the Culture of Modernity** Peter J. Casarella,George Peter Schner,1998 This volume celebrates the thought of Louis Dupre a man who has assayed our present situation by plumbing the spiritual foundations of our modern cultural crisis This introduction to his thought is a valuable resource for rethinking our categories **The Cry of Jesus on the Cross** Gérard Rossé,1987

Freiburger Zeitschrift für Philosophie und Theologie ,2008 **The Theology of Deuteronomy** Georg Braulik,1994 This volume contains nine important articles by one of the world s foremost Deuteronomy scholars published here for the first time in English Dr Braulik brings the text of Deuteronomy into dialogue with the New Testament and with the modern Church Among issues addressed are Deuteronomy s program for the liberation of women the birth of monotheism the transformation of Deuteronomy from a teaching document to a covenant treaty and Deuteronomy s theory of festivals
