## **Mysticism And Vocation:**

**Mysticism and Vocation** James R. Horne, 1996-03-27 We tend to think that a person who is both reasonable and moral can have a good life What constitutes a life that is not only good but superlative or even marvellous or holy Those who have such lives are called sages heroes or saints and their lives can display great integrity as well as integration with a transformative Spiritual Presence Does it follow that saints are perfect people Is there a common vision that impels them to seek holiness In a controversial interpretation of mysticism Horne suggests that there is no single formula for the meaning of life and no one story that displays it to us Mysticism rather than being just a visionary perception then becomes a problem solving process that brings about a creative transformation of the personality at a critical stage in life He suggests also that saints may be imperfect morally and describes true saints as double minded they are serious in a playful way Mysticism and Vocation illuminates our understanding of saintly lives by explicating their mystical characteristics and extending discussions of mysticism to explain its role in active lives In discussing important decisions that go beyond conventional morality it adds to recent philosophical arguments by Charles Taylor Alasdair MacIntyre Iris Murdoch Bernard Williams and others to the effect that morality should be defined more broadly to deal with the human condition This book will be of interest to students of philosophy and religious studies in both graduate and undergraduate programs

**Christian Vocation** Franklin Simpson Hickman, 1930 Irreducible Mind Edward F. Kelly, Emily Williams Kelly, 2007 Practically every contemporary mainstream scientist presumes that all aspects of mind are generated by brain activity We demonstrate the inadequacy of this picture by assembling evidence for a variety of empirical phenomena which it cannot explain We further show that an alternative picture developed by F W H Myers and William James successfully accommodates these phenomena ratifies the common sense view of ourselves as causally effective conscious agents and is fully compatible with contemporary physics and neuroscience

**Franciscan Mysticism** Dunstan John Dobbins, 1927 **The Philosophy of Mysticism** Edward Ingram Watkin, 1920

**Anthropology and mysticism in the making of initiation** Andy Hilton, 2023-09-14 By the 1980s interest in initiation was at its peak it was being employed both theoretically and practically in gender politics and humanistic therapy How did that come to be how should we understand initiation and what can be its future This wide ranging book looks at the history evolution and contemporary idea of initiation It traces origins in the ancient Mysteries and early Christian texts through Renaissance rediscoveries to admission in Freemasonry and anthropological investigations in French Canada and British Australia It introduces the initiation discourse as something that was constructed through centuries of translations and nineteenth century human science leading to the making of the modern concept It argues for a subject initiation studies that effectively secularised the eighteenth century rites of admission to produce the twentieth century rites of passage And it details as compensation for this hollowing out of the mystery the study of shaman spirit workers the idea of death and rebirth and the later sacralisation of the liminal in adolescent adult initiation Finally a contemporary revision is explored that

incorporates neglected aspects like depth psychology and education for an idea of youth as a life stage And while ritual is now deemphasised the religious dimension is reaffirmed with a critical analysis of cosmic consciousness the enduring Great Mystery     The Essentials of Mysticism and Other Essays Evelyn Underhill,1920 An enduring collection of articles that shows how we can unite practical concerns with a spiritual dimension Copyright Libri GmbH All rights reserved     **The Meaning and Value of Mysticism** Emily Herman,1922     *A Pedagogy of Becoming* ,2021-07-26 This book advocates a return to the spirit of the Greek notion of paideia emphasizing a pedagogy of becoming The authors offer a holistic approach to education that aspires toward the inclusion promotion and nurturance of virtue and valuation Topics range from the purely conceptual to applied methodology Several key issues and contemporary trends in education are addressed philosophically including the values of wisdom morality compassion empathy interdependence authenticity and self understanding

Azoth, Or The Star in the East ...* Arthur Edward Waite,1893     Aspects of Christian Mysticism William Major Scott,1907     *Toronto Journal of Theology* ,1997     **Spiritual Marriage** Dyan Elliot,1993 As a paradigm patterned after the chaste union of Mary and Joseph spiritual marriage upheld Christian doctrine as a spontaneous practice however it aroused the suspicion of the very church authorities who extolled its virtues Through this union women could achieve a measure of spiritual and physical autonomy which threatened not only their husbands authority but also that of the clergy Elliott shows how spiritual marriage could be manipulated by male dominated institutions as well it enabled early medieval kings to mask their unilateral

repudiation of infertile wives the church to establish the roots of a ritually pure priesthood and the late medieval clergy to underline female submission to patriarchal authorities Far from being a curiosity peripheral to the study of Christian sexuality spiritual marriage emerges as far reaching in its implications and long lasting in its influences BOOK JACKET
