Scandinavian Danish French Russian Bohemian Italian and other sources By Logan Marshall PROMETHEUS THE FRIEND OF MAN Many many centuries ago there lived two brothers Prometheus or Forethought and Epimetheus or Afterthought They were the sons of those Titans who had fought against Jupiter and been sent in chains to the great prison house of the lower world but for some reason had escaped punishment Prometheus however did not care for idle life among the gods on Mount Olympus Instead he preferred to spend his time on the earth helping men to find easier and better ways of living For the children of earth were not happy as they had been in the golden days when Saturn ruled Indeed they were very poor and wretched and cold without fire without food and with no shelter but miserable caves We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

**of All Nations** Logan Marshall, 2020-10-26 Myths and Legends of All Nations The myths and legends here gathered together have appealed and will continue to appeal to every age Nowhere in the realm of fiction are there stories to compare with those which took form centuries ago when the race was in its childhood stories so intimately connected with the life and history and religion of the great peoples of antiquity that they have become an integral part of our own civilization a heritage of wealth to every child that is born into the world The historic basis of the tales is slight yet who can think of the Greeks without remembering the story of Troy or of Rome without a backward glance at neas fabled founder of the race and hero of Virgil s world famous Latin epic Any understanding of German civilization would be incomplete without knowledge of the mythical prince Siegfried hero of the earliest literature of the Teutonic people finally immortalized in the nineteenth century through the musical dramas of Wagner Any understanding of English civilization would be similarly incomplete without the semi historic figure of King Arthur glorified through the accumulated legends of the Middle Ages and made to live again in the melodic idylls of the great Victorian laureate And so one might go on In many ways the mythology and folklore of a country are a truer index to the life of its people than any of the pages of actual history for through these channels the imagination and the heart speak All the chronicles of rulers and governing bodies are as dust in comparison
