Fragments of Hawaiian History is John Papa Ii's invaluable firsthand account of life politics and tradition in the Hawaiian Kingdom during the 19th century Written by one of Hawai'i's most respected statesmen and cultural figures the book offers rare insight into a period of profound change as the islands transitioned from traditional governance to increasing contact with Western powers Ii recounts his experiences as a close attendant to King Kamehameha II and later as an advisor to subsequent monarchs providing detailed observations of court life religious transformation and the evolving structures of Hawaiian society His narrative captures both the grandeur of ali'i chiefly culture and the tensions introduced by foreign influence including the arrival of missionaries and the shifting balance between Hawaiian traditions and Western institutions Rich with cultural detail the text preserves chants genealogies and descriptions of protocols that might otherwise have been lost making it a cornerstone of Hawaiian historical literature At the same time it reflects the perspective of a man deeply involved in political life offering readers not just memory but interpretation Edited and published posthumously Fragments of Hawaiian History stands as both a historical source and a testament to one Hawaiian leader's effort to ensure his people's heritage would not be forgotten

**Waikiki** Gaye Chan, Andrea Feeser, 2006-09-30 Waikiki A History of Forgetting and Remembering presents a compelling cultural and environmental history of the area exploring its place not only in the popular imagination but also through the experiences of those who lived there Employing a wide range of primary and secondary sources including historical texts and photographs government documents newspaper accounts posters advertisements and personal interviews an artist and a cultural historian join forces to reveal how rich agricultural sites and sacred places were transformed into one of the world's most famous vacation destinations The story of Waikiki's conversion from a vital self-sufficient community to a tourist dystopia is one of colonial oppression and unchecked capitalist development both of which have fundamentally transformed all of Hawai'i Colonialism and capitalism have not only changed the look and function of the landscape but also how Native Hawaiians immigrants settlers and visitors interact with one another and with the islands
