*Na Pua Alii o Kauai* Frederick B. Wichman, 2003-02-28 The stories of Kauai's ruling chiefs were passed from generation to generation in songs and narratives recited by trained storytellers either formally at the high chief's court or informally at family gatherings. Their chronology was ordered by a ruler's genealogy which in the case of the pua alii flower of royalty was illustrious and far reaching and could be traced to one of the four great gods of Polynesia K ne K Lono and Kanaloa. In these legends Hawaiians of old sought answers to the questions Who are we Who are our ancestors and where do they come from. What lessons can be learned from their conduct. *Na Pua Alii o Kauai* presents the stories of the men and women who ruled the island of Kauai from its first settlement to the final rebellion against Kamehameha I's forces in 1824. Only fragments remain of the nearly two thousand year history of the people who inhabited Kauai before the coming of James Cook in 1778. Now scattered in public and private archives and libraries these pieces of Hawaii's precontact past were recorded in the nineteenth century by such determined individuals as David Malo Samuel Kamakau and Abraham Fornander. All known genealogical references to the Kauai alii nui paramount chiefs have been gathered here and placed in chronological order and are interspersed with legends of great voyages bitter wars courageous heroes and passionate romances that together form a rich and invaluable resource.

**Tropical Forests in Prehistory, History, and Modernity** Patrick Roberts, 2019-01-04 In popular discourse tropical forests are synonymous with nature and wilderness battlegrounds between apparently pristine floral faunal and human communities and the unrelenting industrial and urban powers of the modern world. It is rarely publicly understood that the extent of human adaptation to and alteration of tropical forest environments extends across archaeological historical and anthropological timescales. This book is the first

attempt to bring together evidence for the nature of human interactions with tropical forests on a global scale from the emergence of hominins in the tropical forests of Africa to modern conservation issues. Following a review of the natural history and variability of tropical forest ecosystems this book takes a tour of human and human ancestor occupation and use of tropical forest environments through time. Far from being pristine primordial ecosystems this book illustrates how our species has inhabited and modified tropical forests from the earliest stages of its evolution. While agricultural strategies and vast urban networks emerged in tropical forests long prior to the arrival of European colonial powers and later industrialization this should not be taken as justification for the massive deforestation and biodiversity threats imposed on tropical forest ecosystems in the 21st century. Rather such a long term perspective highlights the ongoing challenges of sustainability faced by forager agricultural and urban societies in these environments setting the stage for more integrated approaches to conservation and policy making and the protection of millennia of ecological and cultural heritage bound up in these habitats. *Hawaiian Surfing* John R. K. Clark, 2011-05-31. *Hawaiian Surfing* is a history of the traditional sport narrated primarily by native Hawaiians who wrote for the Hawaiian language newspapers of the 1800s. An introductory section covers traditional surfing including descriptions of the six Hawaiian surf riding sports: surfing, bodysurfing, canoe surfing, body boarding, skimming and river surfing. This is followed by an exhaustive Hawaiian English dictionary of surfing terms and references from Hawaiian language publications and a special section of Waikiki place names related to traditional surfing. The information in each of these sections is supported by passages in Hawaiian followed by English translations. The work concludes with a glossary of English Hawaiian surfing terms and an index of proper names, place names and surf spots.
