Naachstes Jahr In Jerusalem Roman:

The Germanic Mosaic Carol A. Blackshire-Belay, 1993-12-07 This is a comprehensive and up to date critical examination of cultural diversity in Germanic speaking societies. It goes beyond ethnic, religious and gender stereotypes to show minority groups as active participants in German history rather than as passive victims. This collection of critical and theoretical essays seeks to interpret the current philosophical, aesthetic and literary thinking about diversity in literature and language. The book is divided into four parts: literary analyses of works produced by members of minority populations, linguistic discussions and case studies of minority groups' structures and strategies of discourse and prejudice, and studies of remedies for problems of racism and discrimination. Some of the most significant writers and thinkers in the field have contributed, making this volume of critical concern to scholars and students of German modern languages and comparative studies.

The Portrayal of Jews in GDR Prose Fiction Paul O'Doherty, 2023-04-12 This volume is the first comprehensive single study of Jewish themes in any of the post 1945 German literatures. It presents literature on Jewish themes by Jewish and non-Jewish authors in the cultural, social and political context of the Soviet Zone/GDR during the entire 45 years of its history from 1945 to 1990. It offers a brief history of Jews in the GDR before looking in four chronologically ordered chapters at the history of publishing on Jewish themes in the GDR. Some 28 texts by 19 different authors, including Anna Seghers, Stephan Hermlin, Arnold Zweig, Franz Fehmann, Johannes Bobrowski, Jurek Becker, Stefan Heym, Gert Kunert, Christa Wolf and Helga Klingsdorf, are then singled out for closer analysis. Such themes as historical anti-Semitism, the Holocaust, Jewish resistance, Jewish assimilation, Heine, Marx, Moses Mendelssohn, Jewish survival and Jews in the GDR are all discussed in the book. The volume also offers evidence of the political influences on publishing on Jewish themes at various stages in the GDR's history. In addition, a structured bibliography of some 1100 items is offered, approximately 750 of which were published in the GDR with a Jewish content or theme. The study should be of interest to students of contemporary German literature and politics, the GDR and of Jewish studies in the wider context.

that they have become models of what it means to be modern While focusing on the drama of the Russian Jews including migrants and their offspring The Jewish Century is also an incredibly original account of the many faces of modernity nationalism socialism capitalism and liberalism Rich in its insight sweeping in its chronology and fearless in its analysis this is a landmark contribution to Jewish Russian European and American history Das litterarische Echo ,1932 **Die Neue Bücherei** ,1974 Anzeiger des österreichischen Buchhandels ,1986 **Beruf und Arbeit in deutschsprachiger Prosa seit 1945** Hans-Martin Plesske,1997 **National Union Catalog** ,1968 Includes entries for maps and atlases
