Edsall, 2006 As recently as the 1970s gay and lesbian history was a relatively unexplored field for serious scholars The past quarter century however has seen enormous growth in gay and lesbian studies The literature is now voluminous it is also widely scattered and not always easily accessible In *Toward Stonewall* Nicholas Edsall provides a much needed synthesis drawing upon both scholarly and popular writings to chart the development of homosexual subcultures in the modern era and the uneasy place they have occupied in Western society Edsall s survey begins three hundred years ago in northwestern Europe when homosexual subcultures recognizably similar to those of our own era began to emerge and it follows their surprisingly diverse paths through the Enlightenment to the early nineteenth century The book then turns to the Victorian era tracing the development of articulate and self aware homosexual subcultures With a greater sense of identity and organization came new forms of resistance this was the age that saw the persecution of Oscar Wilde among others as well as the medical establishment s labeling of homosexuality as a sign of degeneracy The book s final section locates the foundations of present day gay sub cultures in a succession of twentieth century scenes and events in pre Nazi Germany in the lesbian world of interwar Paris in the law reforms of 1960s England culminating in the emergence of popular movements in the postwar United States Rather than examining these groups in isolation the book considers them in their social contexts

and as comparable to other subordinate groups and minority movements In the process *Toward Stonewall* illuminates not only the subcultures that are its primary subject but the larger societies from which they emerged *Written in the Flesh* Edward Shorter, Hannah Chair in the History of Medicine and Professor of Psychiatry Edward Shorter, 2005-01-01 Presents a history of sexual desire a provocative chronicle of the changing nature of what people yearn to do sexually This work demonstrates that desire is hardwired into the brain expressing itself in remarkably similar ways in men and women adolescent and adult and in gays lesbians and straights alike **E. **St. James Press Gay & Lesbian Almanac** Neil Schlager, 1998 This important reference work is one of the first to devote equal attention to both gay men and lesbians Its objective approach encourages in depth study of gay and lesbian history culture and experience in 20th century America The book's 23 sections include a chronology an annotated list of organizations significant historical documents important to the gay and lesbian movement and in depth discussions of gay and lesbian involvement in such fields as politics film music science sports travel leisure and visual and performing arts Each section includes biographical profiles of prominent people in each field and extensive bibliographies of books articles and Web sites The evenhanded approach to this subject makes this book an important purchase for all libraries Outstanding Reference Sources the 1999 Selection of New Titles American Libraries May 1999 Comp by the Reference Sources Committee RUSA ALA **Afterwords** Kevin Bentley, 2001 A startling not to say exciting collection of excerpts from the uncensored diaries of gay men's sexual explorations over the past four decades Secrets confessions the unadulterated truth it's all here and more giving the reader unlimited access to the shivering sensations of one night stands rebound romances and infidelity Unabashedly explicit and surging with the immediacy of the moment it's an entree into a life and experiences beyond your own So pick it up No one's watching *Creative Camera*, 1998 *Secret Historian* Justin Spring, 2010-08-17 Drawn from the secret diaries and journals of novelist poet and university professor Samuel M Steward this is a reconstruction of one of the more extraordinary hidden lives of the twentieth century An intimate friend of Gertrude Stein Alice B Toklas and Thornton Wilder Steward maintained a secret sex life from childhood on documenting his experiences in

vivid and often very funny detail After leaving academe to become tattoo artist Phil Sparrow Steward worked closely with Alfred Kinsey on his landmark sex research During the early 1960s Steward changed his identity once again this time to write exceptionally literate upbeat homosexual pornography as Phil Andros An archive of his papers lost since his death in 1993 has provided biographer Justin Spring with the material for an illuminating life and times biography More than merely the story of one remarkable man this is a moving portrait of gay life long before gay liberation From publisher description
