Naked And Fiery Forms:

Naked and fiery forms Suzanne Juhasz, 1976 **Feminisms** Robyn R. Warhol, Diane Price Herndl, 1997 In the landmark 1991 edition of *Feminisms* Robyn Warhol and Diane Price Herndl assembled the most comprehensive collection of American and British feminist literary criticism ever to be published In this revised edition the editors have updated the volume in keeping with the expanded parameters of feminist literary discourse With the inclusion of more than two dozen new essays along with a major reorganization of the sections in which they appear Warhol and Price Herndl have again established the measure for representing the latest developments in the field of feminist literary theory Believing that the feminist movement can only move forward where difference commands attention not dismissal or negativism they have continued the original collection's mission of providing a multiplicity of perspectives and approaches This anthology contains three new sections Conflict Gaze and Practice and includes more selections by and about women of color and lesbians Aimed at academics and the general public alike this collection is an indispensable guide to the range of practice on campus today in the field of feminist literary criticism How to Suppress Women's Writing Joanna Russ, 1983-09 Discusses the obstacles women have had to overcome in order to become writers and identifies the sexist rationalizations used to trivialize their contributions

Woman/image/text Lola Chatterji, 1986 Most papers presented at a seminar in April 1985 of the English Dept Miranda House Delhi University **Hebrew University Studies in Literature and the Arts**, 1990 Atlantis, 1983 Handbook of American-Jewish Literature Lewis F. Fried, Gene Brown, Jules Chametzky, Louis Harap, 1988-01-26 The title is perhaps a bit deceptive for this is assuredly more than handbook might indicate Fried's anthology is a truly complex work bringing together eighteen essays of mostly uniform high quality and masses of bibliographic resources to present a comprehensive overview Fried's book does not present the original works themselves but rather culls mostly outstanding essays on the prose poetry drama and literary criticism produced by Jewish writers in America from the final decades of the last century to the present *Studies in American Jewish Literature* Focusing on the Jewish contribution to American writing this guide offers a comprehensive view of Jewish identity and experience in American society together with important bibliographic information for the scholar or researcher In eighteen essays written by a distinguished group of specialists it provides a wealth of fact

interpretation and commentary relating to American Jewish literature criticism and other writing published since the 1880s. In his introduction Fried reviews the history of American Jewish writing and the major social, moral, and political concerns that have affected it. The essays that follow focus primarily on the literary culture created by Eastern European Jewish immigrants and their children as they shaped and were shaped by their experiences in America. The first several chapters look at American Jewish fiction from 1880 to the present. Drama and autobiographical works also are discussed, as are American Yiddish poetry, criticism, and other writing. Other chapters assess the influence of theology, Zionism, and the Holocaust on American Jewish writers, as well as the relationship of their works to other literatures and international critical perspectives. Themes that are explored from several perspectives include the relevance of the diaspora to the American Jewish literary imagination, the forging of multiple loyalties and reconciliation into an American Jewish culture, and the making of an American Jewish identity.
