VOL. 1

Nameless Towns

Douglas Goldring

Nameless Towns:

Nameless Towns Thad Sitton, James H. Conrad, 2010-01-01 A comprehensive history of the sawmill towns of East Texas in the nineteenth and twentieth centuries Sawmill communities were once the thriving centers of East Texas life Many sprang up almost overnight in a pine forest clearing and many disappeared just as quickly after the company cut out its last trees But during their heyday these company towns made Texas the nation's third largest lumber producer and created a colorful way of life that lingers in the memories of the remaining former residents and their children and grandchildren Drawing on oral history company records and other archival sources Sitton and Conrad recreate the lifeways of the sawmill communities They describe the companies that ran the mills and the different kinds of jobs involved in logging and milling They depict the usually rough hewn towns with their central mill unpainted houses company store and schools churches and community centers And they characterize the lives of the people from the hard awesomely dangerous mill work to the dances picnics and other recreations that offered welcome diversions Winner T H Fehrenbach Award Texas Historical Commission After completing the book I truly understood life in the sawmill communities intellectually and emotionally It was very satisfying Conrad and Sitton write in such a manner to make one feel the hard life smell the sawdust and share the danger of the mills The book is compelling and stimulating Robert L Schaadt Director Archivist Sam Houston Regional Library and Research Center

Nameless Towns Thad Sitton, James H. Conrad, 1998 Winner T H Fehrenbach Award Texas Historical Commission Sawmill communities were once the thriving centers of East Texas life Many sprang up almost overnight in a pine forest clearing and many disappeared just as quickly after the company cut out its last trees But during their heyday these company towns made Texas the nation's third largest lumber producer and created a colorful way of life that lingers in the memories of the remaining former residents and their children and grandchildren Drawing on oral history company records and other archival sources Sitton and Conrad recreate the lifeways of the sawmill communities They describe the companies that ran the mills and the different kinds of jobs involved in logging and milling They depict the usually rough hewn towns with their central mill unpainted houses company store and schools churches and community centers And they characterize the lives of the people from the hard awesomely dangerous mill work to the dances picnics and other recreations that offered welcome diversions

Lynching and Leisure Terry Anne Scott, 2022-03-04 Winner 2022 Ottis Lock Endowment Best Book Award from the East Texas Historical Association In *Lynching and Leisure* Terry Anne Scott examines how white Texans transformed lynching from a largely clandestine strategy of extralegal punishment into a form of racialized recreation in which crowd involvement was integral to the mode and methods of the violence Scott powerfully documents how lynchings came to function not only as tools for debasing the status of Black people but also as highly anticipated occasions for entertainment making memories with friends and neighbors and reifying whiteness In focusing on the sense of pleasure and normality that prevailed among the white spectatorship this comprehensive study of Texas

lynchings sheds new light on the practice understood as one of the chief strategies of racial domination in the nineteenth and twentieth century South

The Outcast: Gold Town Luke Cypher, 2008-09-02 Once he was Tom Cade lawman and gunfighter Now he is Amos Hood preacher He left the way of the gun to spread the Word of the Lord When Hood rides into Gold Town it's clear the place is badly in need of two things the law of God and the law of man With miners and cowboys feuding and killing each other in the streets and the saloons someone has to bring order Now a man of peace Hood sets about building a church and gathering a flock But the townsfolk desperate to control the miners and cowboys hire a shootist with a trail of corpses behind him to wear a badge With rustlers re branding cattle stolen from neighboring ranches and miners trying to stake claims to land near water Gold Town is poised to explode into a range war And if that happens Amos Hood may not have a prayer of keeping the peace or of keeping his own violent past a secret
