**Environmental Sustainability** Fraser Smith,2020-02-05 In 1994 representatives from all over the world met in Costa Rica to discuss the impact of ecological economics on developing countries That groundbreaking conference laid the foundation for this new collection of research on environmental sustainability While most discussions on sustainable development focus on the industrialized nations Environmental Sustainability Practical Global Applications takes a different angle it presents the views of the developing countries themselves on issues such as wildlife resources in Nambia timber production in Costa Rica property rights and land reform in South Africa and other steps being taken to implement environmentally sustainable economies around the world This is an ideal text for students of natural and social sciences development professionals and entrepreneurs seeking opportunities for ecologically sustainable businesses Academics will find it useful as a source of current research and for making new contacts in the field For anyone interested in exploring the link between man and his environment specifically the relationship between economics and ecology Environmental

Sustainability is a must    **State of the environment report on Namibia's industrialisation environment** Ministry of Environment and tourism,1999    **Namibia Environment** ,1996    **Evolution and Innovation in Wildlife Conservation**

Brian Child,Helen Suich,Spenceley Anna,2012-05-04 The crucible of innovation in wildlife and habitat conservation is in southern Africa where it has co evolved with decolonization political transformation and the rise of development ownership management and livelihood debates Charting this innovation early chapters deal with the traditional fines and fences conservation that occurred in the colonial and early post independence period with subsequent sections focussing on the experimentation and innovation that occurred on private and communal land as a result of the break from these traditional methods The final section deals with more recent innovations in the sector focussing on building and strengthening the relationships between parks and society Importantly the book provides a data rich summary of experimentation with more inclusive models of conservation in terms of ecological social political and economic indicators Published with the Southern African Sustainable Use Specialist Group SASUSG of IUCN

**Niche Tourism** Marina Novelli,2007-06-01 Niche Tourism examines one of the fastest growing areas within the tourism sector This book provides an integrated picture of speciality niche tourism as a whole looking at both the macro and micro niche area It has a comprehensive theoretical framework and discusses initiatives policies and strategies adopted internationally With an emphasis on linking theory to practice it is underpinned by up to date international case studies from around the world Divided into 3 parts it covers a variety of aspects under the headings of special interest tourism tradition and culture base tourism and activity based tourism

**Pastoralism in Africa** Michael Bollig,Michael Schnegg,Hans-Peter Wotzka,2013-07-01 Pastoralism has shaped livelihoods and landscapes on the African continent for millennia Mobile livestock husbandry has generally been portrayed as an economic strategy that successfully met the challenges of low biomass productivity and environmental variability in arid and semi arid environments

This volume focuses on the emergence diversity and inherent dynamics of pastoralism in Africa based on research during a twelve year period on the southwest and northeast regions Unraveling the complex prehistory history and contemporary political ecology of African pastoralism results in insight into the ingenuity and flexibility of historical and contemporary herders

**Parks in Transition** Brian Child,2013-06-17 Parks face intense

pressure from both environmental and developmental perspectives to conserve biodiversity and provide economic opportunities for rural communities These imperatives are often in conflict while potential solutions may be subject to theoretical and practical disagreement and complicated by pressing economic political and cultural considerations Parks in Transition collects the work of the most distinguished scholars and practitioners in this field drawing on insight from over 50 case studies and synthesizing them into lessons to guide park management in transitional economies where the challenges of poverty and governance can be severe The central message of the book is that parks are common property regimes that are supposed to serve society It analyses and sheds light on the crucial questions arising from this perspective If parks are set aside to serve poor people should conservation demands over rule demands for jobs and economic growth Or will deliberately using parks as bridgeheads for better land use and engines for rural development produce more and better conservation The issue that arises at all levels is that of accountability including the problematic linkages between park authorities and political systems and the question of how to measure park performance This book provides vital new insights for park management regarding the relationship between conservation and commercialization performance management new systems of governance and management and linkages between parks landscape and the land use economy
