Between Here and April Copaken Kogan Deborah,Deborah Copaken Kogan,2008-10-07 When a deep rooted memory suddenly surfaces Elizabeth Burns becomes obsessed with the long ago disappearance of her childhood friend April Cassidy Driven to investigate Elizabeth discovers a thirty five year old newspaper article revealing the details that had been hidden from her as a child shocking revelations about April s mother Adele Elizabeth now herself a mother tracks down the people who knew Adele Cassidy and who thought that they knew what was going through her mind before she committed that most incomprehensible of crimes She seeks out anyone who might help piece together the final months days and hours of this

troubled woman's life from Adele's former neighbor to her psychiatrist to her sister. But the answers are more elusive than any normal investigation can yield; the questions raised are difficult to contemplate. In fact, the further into the story Elizabeth digs, the more she is forced to accept that she and Adele might not be so different. Elizabeth's exploration thus leads her ultimately back to herself: her compromised marriage, her increasing self-doubt, her desire for more out of her career and her life, and finally to a fearsome reckoning with what it means to be a wife and mother.
