Napoleon's Commentaries on the Wars of Julius Caesar Napoleon Bonaparte, 2017-11-30 While in exile on St Helena Napoleon dictated a commentary on the wars of Julius Caesar later published in 1836 In each chapter he summarized the events of one campaign then added comments from the standpoint of his own military knowledge Over the nearly two millennia between Caesar and Napoleon some aspects of warfare had changed notably the introduction of firearms But much remained the same the rate of movement of armies at the foot pace of horse or man human muscle power as the main source of energy for construction work some military techniques notably bridge construction as well as the actual territory fought over by Caesar and later by Napoleon Napoleon's commentary thus provides a fascinating and highly authoritative insight into Caesar's wars as well as providing a window into Napoleon's own thinking and attitudes Napoleon in places detects mistakes on the part of Caesar and his enemies and says what they should have done differently Remarkably this is thought to be the first full English translation of Napoleon's work Napoleon Bonaparte was born to an obscure Corsican family but rose through the ranks of the French army to become Emperor of France conqueror of most of Europe and acknowledged military genius He wrote this book while in exile on St Helena The translator RA Maguire is a former civil engineer with a long standing interest in military and ancient history

**The Conquerors of Europe** Charles River Editors, 2025-05-04

I would rather be the first man in a humble village than the second man in Rome Caesar Possibly the most important man of antiquity and even all of history was Julius Caesar Alexander Hamilton the famous American patriot once remarked that the greatest man who ever lived was Julius Caesar Such a tribute coming from one of the Founding Fathers of the quintessential modern democracy in reference to a man who destroyed the Roman Republic is testament to the enduring mark that Caesar left upon the world The ultimate conqueror statesman dictator visionary and opportunist during his time in power Caesar expanded the borders of Rome to almost twice their previous size revolutionized the infrastructure of the Roman state and destroyed the Roman Republic for good leaving a line of emperors in its place His legacy is so strong that his name has become in many languages synonymous with power the Emperors of Austria and Germany bore the title Kaiser and the Czars of Russia also owe the etymology of their title to Caesar His name also crept further eastward out of Europe even cropping up in Hindi and Urdu where the term for Emperor is Kaisar Even in his time Caesar was in many ways larger than life and because of his legacy as virtual founder of the Roman Empire much of what was written about and by him during his life and immediately after his assassination was politically motivated His successor Octavian Augustus had a strong interest in ensuring that Caesar's life be painted in a favorable light while Caesar's political enemies attempted to paint him as a corrupt undemocratic dictator who was destroying the old order of the Republic This makes it exceedingly difficult to separate historical fact from apocryphal interjection as the writings of Cicero a rival of Caesar's and the later biographies of Suetonius and Plutarch can be misleading Nonetheless along with Caesar's *De Bello Gallico* his famous notes on his

campaign against the Gauls they remain our chief sources for Caesar's life a life everyone agreed was nothing short of remarkable and changed the course of history forever When historians are asked to list the most influential people of the last 200 years a handful of names might vary but there is no question that the list will include Napoleon Bonaparte 1769-1821 the most successful French leader since Charlemagne and widely acknowledged as one of the greatest generals ever Indeed Napoleon was likely the most influential man of the 19th century leaving an indelible mark on everything from the strategy and tactics of warfare to the Napoleonic Code that drafted laws across the continent To defeat Napoleon the Europeans had to form large coalitions multiple times which helped bring about the entangling alliances that sparked World War I after Europe was rebuilt following Waterloo and the Congress of Vienna Napoleon's influence on the United States was also palpable To finance his endeavors he struck a deal with President Thomas Jefferson that became the Louisiana Purchase and it was Napoleonic warfare that was used throughout the Civil War leading to massive casualties because the weaponry of the 1860s was now more advanced than the tactics of 1815 When Napoleon died at St Helena he still engendered fear and distaste among the Europeans but the man and his legacy continued to be held in awe across the world In Napoleon's time emperors and leaders still hoped to become the next Julius Caesar After the Napoleonic Era emperors and generals hoped to become the next Napoleon For the next century military leaders and even civilians struck Napoleonic poses when having their pictures taken and phrases like Napoleonic complex and meeting one's Waterloo are now common phrases in the English lexicon *The Conquerors of Europe* Charles River Editors, 2018-02-09 Includes pictures of the two men and important people places and events in their lives Discusses and answers common myths and misconceptions about Caesar and Napoleon Includes a bibliography on Napoleon's life for further study Over the last 2 500 years many would be kings and conquerors have marched armies across Europe in the hopes of establishing a dominant empire on the continent But though many have tried almost all of them have failed The two greatest exceptions to that rule were Julius Caesar and Napoleon Bonaparte and their accomplishments ensured that they will forever be enshrined among the ranks of history's greatest generals Possibly the most important man of antiquity and even all of history was Julius Caesar Alexander Hamilton the famous American patriot once remarked that the greatest man who ever lived was Julius Caesar Such a tribute coming from one of the Founding Fathers of the quintessential modern democracy in reference to a man who destroyed the Roman Republic is testament to the enduring mark that Caesar left upon the world The ultimate conqueror statesman dictator visionary and opportunist during his time in power Caesar expanded the borders of Rome to almost twice their previous size revolutionized the infrastructure of the Roman state and destroyed the Roman Republic for good leaving a line of emperors in its place His legacy is so strong that his name has become in many languages synonymous with power the Emperors of Austria and Germany bore the title Kaiser and the Czars of Russia also owe the etymology of their title to Caesar His name also crept further eastward out of Europe even cropping up in Hindi and Urdu where the term for Emperor is Kaisar When

historians are asked to list the most influential people of the last 200 years a handful of names might vary but there is no question that the list will include Napoleon Bonaparte 1769-1821 the most successful French leader since Charlemagne and widely acknowledged as one of the greatest generals ever. Indeed in his quest to emulate Caesar Napoleon was likely the most influential man of the 19th century leaving an indelible mark on everything from the strategy and tactics of warfare to the Napoleonic Code that drafted laws across the continent. To defeat Napoleon the Europeans had to form large coalitions multiple times which helped bring about the entangling alliances that sparked World War I after Europe was rebuilt following Waterloo and the Congress of Vienna. Napoleon's influence on the United States was also palpable. To finance his endeavors he struck a deal with President Thomas Jefferson that became the Louisiana Purchase and it was Napoleonic warfare that was used throughout the Civil War leading to massive casualties because the weaponry of the 1860s was now more advanced than the tactics of 1815. When Napoleon died at St. Helena he still engendered fear and distaste among the Europeans but the man and his legacy continued to be held in awe across the world. In Napoleon's time emperors and leaders still hoped to become the next Julius Caesar. After the Napoleonic Era emperors and generals hoped to become the next Napoleon. For the next century military leaders and even civilians struck Napoleonic poses when having their pictures taken and phrases like Napoleonic complex and meeting one's Waterloo are now common phrases in the English lexicon. It would be truly impossible to envision or understand geopolitics in the West over the last two centuries without Napoleon. Whether Napoleon eclipsed Caesar remains a subject of endless debate but the two men will be forever linked. Along with pictures of the two men and important people, places, and events in their lives you will learn about Caesar and Napoleon like you never have before in no time at all.

*Caesar's Conquest of Gaul* Thomas Rice Holmes, 1911      **The Caesar of Paris** Susan Jaques, 2018-12-04 A monumental cultural history of Napoleon Bonaparte's fascination with antiquity and how it shaped Paris' artistic landscape. Napoleon is one of history's most fascinating figures. But his complex relationship with Rome, both with antiquity and his contemporary conflicts with the Pope and Holy See, have undergone little examination. In *The Caesar of Paris*, Susan Jaques reveals how Napoleon's dueling fascination and rivalry informed his effort to turn Paris into the new Rome, Europe's cultural capital, through architectural and artistic commissions around the city. His initiatives and his aggressive pursuit of antiquities and classical treasures from Italy gave Paris much of the classical beauty we know and adore today. Napoleon had a tradition of appropriating from past

military greats to legitimize his regime Alexander the Great during his invasion of Egypt Charlemagne during his coronation as emperor even Frederick the Great when he occupied Berlin But it was ancient Rome and the Caesars that held the most artistic and political influence and would remain his lodestars Whether it was the Arc de Triomphe the Venus de Medici in the Louvre or the gorgeous works of Antonio Canova Susan Jaques brings Napoleon to life as never before
