Fall of the Second Empire, 1852-1871 Alain Plessis,1985 The Second Empire lasted longer than any French regime since 1789 yet most historical accounts of the government of Napoleon III have been overshadowed by the knowledge of its disastrous and tragic end As Professor Plessis shows in this detailed thematic study such an approach ignores the major social economic and political developments of a period that witnessed the gradual acceptance of universal suffrage the establishment of large scale industrial capitalism a massive improvement in communications and the birth of impressionism in art

**The French Second Empire** Roger Price,2001 This is the most thoroughly researched book on Napoleon III's Second Empire in any language It makes a vital contribution to the quarter century of French history following the 1848 revolution which saw major developments in the modernisation of the French state and in its relationships with its citizens **Louis Napoleon and the Second Empire** J. M. Thompson,2017-07-11 An excellent one volume portrait of Napoleon III and the short lived second French Empire which was brought to ruins by the 1870 Franco Prussian war ONCE again J M Thompson has given us a colorful arresting and interpretative account of a period of French history this time of the Second Empire In this instance as in previous works the author makes the biography of a man Louis Napoleon the vehicle for a history of a period thereby infusing the warmth of a very human personality throughout the history of a complex and fateful era Thus we follow the life of a man who followed his star of fate from youthful refugee to insurrectionist prisoner president emperor economic reformer arbiter of a continent prisoner of war and alas to refugee again until death Nothing of the romance the contrasts the shaded significances is lost by the author's telling Those who have read his French Revolution and Napoleon Bonaparte cannot fail to discern and appreciate the same trenchant pen and deft brush which restore life and color to a much told tale of the past While Mr Thompson does not attempt to conceal the faults and mistakes of the man in the main he joins with some current revisionists in understanding not justifying the crime of December 2nd and crediting Napoleon III with constructive policies at home and abroad and exonerating him of the major responsibility for the outbreak of the war of 1870 The author rightly blames Bismarck and French public opinion of all classes for pushing Louis Napoleon into the war p 272 rather than just a small war party and the empress Lynn M Case *The Second Empire, 1852 to 1870* Philadelphia Museum of Art Staff,Detroit Institute of Arts, Grand Palais, Paris Sta,1978-01-01

**The French Second Empire** Roger Price,2001-11-15 This book is about a major historical figure Napoleon III and a political regime It examines how Louis Napoleon Bonaparte nephew of the first Napoleon was able to secure election as President of the Republic and subsequently to launch a coup d'état to establish a Second Empire It then considers the ways in which power was exercised by the new imperial regime Later apparent stability led Napoleon III to engage in a difficult process of transition towards a more liberal regime but at the point of success the decision was taken to go to war against Prussia which resulted in a catastrophic defeat

and the destruction of his regime This is a most thoroughly researched book on the Second Empire which makes a contribution to our knowledge of a vitally important period of French history following the 1848 revolution and the intense mid century crisis    *Women of the Second Empire* Frédéric Loliée,1907    **Napoleon III and the Second Empire** John Patrick Tuer Bury,1968    Documents on the Second French Empire, 1852-1870 Roger Price,2015-07-20 In December 1851 Louis Napol on Bonaparte seized power in a coup d tat believing he was destined to rule France and restore her to her former glory He was committed to the modernisation of France through significant infrastructure investment and urban renewal Although he felt pressured to make concessions to liberal clerical and republican opposition from 1860 he remained determined to retain substantial power over foreign and defence policy This would prove to be his undoing In 1870 the Empire created by a military coup ended with a catastrophic military defeat dramatically changing the balance of power in Europe Documents on the Second French Empire presents students with a range of primary sources covering the political social and economic history of the era The documents in each chapter are contextualised by an introduction from the author and are grouped by theme making them easy to navigate and analyse    **Gaslight and Shadow** Roger Lawrence Williams,1957 Ten biographies of people from the period of the French Second Empire    **The Second Empire: Bonapartism, The Prince, The President, The Emperor** Philip Guedalla,1922    **Louis Napoleon and the Genesis of the Second Empire** F.
