**The War Against Women** Rita Segato, 2024-11-05 Recent decades of neoliberal rule have seen authoritarian turns in many governments and these decades have also been marked by increasing violence against women The systematic killing of women in Ciudad Ju rez Mexico has given way to a violent surge that is worldwide in its scope concentrated in places where the state s traditional sovereign functions have broken down Femicide is no longer just an intimate event it has become anonymous and systematic a crime of power An intensified form of capitalism the product of a colonial modernity that is still with us now fuels new wars on women which destroy society while targeting women s bodies Understanding this new violent turn within patriarchy which Rita Segato considers the primal form of human domination means moving patriarchy from the margins to the center of our social analysis According to Segato it is only by revitalizing community and repoliticizing domestic space that we can redirect history towards a different destiny At stake is nothing less than the future of humanity

*Hybridity in Spanish Culture* Emily Knudson-Vilaseca, Maureen Tobin Stanley, María P. Tajés, 2011-05-25 Hybridity in Spanish Culture is an anthology that explores hybridity in select works from the dawn of Imperial Spain to the twenty first century The phenomenon of hybridity has been pervasive throughout Spanish history The hybrid literary and visual texts studied in this volume ranging from aljamiado writings and the legacy from the convivencia to contemporary immigration narratives blur or erase purportedly fixed boundaries between history and fiction story and History nationality and transnationalism subjectivity and objectivity as well as between genres cultures languages and eras Hybridity constitutes the state of simultaneously belonging to categories that had previously been considered exclusive It renders the concept of pure as a construct a chosen perception a psychic imposition on experience Implicit within hybridity is a fusion of two or more separate factors entities or concepts but the essential aspect of this fusion is that the hybrid text becomes an original Hence hybridity nods to the past but points to the future Hybridity in Spanish Culture written both in Spanish and English as a metahybrid is a collection about hybridity that is a hybrid itself In hopes of blurring borders dissipating taxonomies and dehierarchizing binary oppositions the European and US authors and editors contribute to cultural studies scholarship and underscore the omnipresence and ubiquity of interstitial conditions as they relate to national or cultural identity linguistic crossings inter genre blendings and the conception of home and belonging
