Narraciones Completas:

Narraciones completas Aleksander Pushkin, 2015-07-01 Suponen acaso que suena mejor por ser más largo. Así reaccionaba Aleksandr S Pushkin 1799-1837 contra aquellos escritores que considerando una vulgaridad expresar con sencillez las cosas más simples pretenden animar una prosa infantil con muchas palabras y blandas metáforas y que eran por cierto sus predecesores en las letras rusas. Si Pushkin fue un emblema nacional como poeta, su obra narrativa por su precisión y brevedad por su exigencia de ideas y más ideas supuso una auténtica innovación. Esta edición de sus *Narraciones completas* que incluye piezas tan famosas como *La dama de pique* o *La hija del capitán* junto con muchas otras hasta ahora inéditas en español ofrece asimismo las claves del peculiar romanticismo pushkiniano: rápido, templado y estricto. Sus héroes y heroínas nobles, bandoleros, húsares y cosacos, dandis de Petersburgo, princesas patriotas y seoritas novelescas se ven envueltos en lances extraordinarios y graciosas mascaradas pero son observados por un narrador que además de dominar con habilidad extrema los recursos de la trama es capaz de verla al trasluz, de contemplar con humor tanto lo romántico como la decepción de lo romántico. Y como dice Amaya Lacasa en su Introducción al volumen que tan excelentemente ha traducido con Clara Janés en los fragmentos en verso toda la futura riqueza de la literatura rusa está contenida en él como en un embrión.

Narraciones completas Friedrich Schiller, 2005 *Narraciones completas* Esteban Borrero Echeverría, 2018-04-06
Esteban Borrero Echeverría, el primer escritor cubano que publicó un libro de cuentos. *Lectura de Pascuas* 1899 resulta una de las figuras más interesantes de la historia de la literatura cubana. Su vida y su obra, ambas intensas y multifacéticas, ofrecen aspectos fundamentales acerca de las actividades políticas y culturales de la sociedad en Cuba durante gran parte del siglo XIX y primeros años del XX. La narrativa de Esteban Borrero Echeverría se caracteriza por su carácter reflexivo, escéptico y pesimista, donde abundan las indagaciones psicológicas, las evocaciones y los enfrentamientos de ideas con la finalidad de entender las conductas del género humano. Este interés a su vez lo llevó a recurrir a las tiras cómicas como a los elementos simbólicos y alegóricos.

Obras completas Manuel Milá y Fontanals, 1895 *Translated Poe* Emron Esplin, Margarida Vale de Gato, 2014-10-23
Few if any U.S. writers are as important to the history of world literature as Edgar Allan Poe, and few if any U.S. authors owe so much of their current reputations to the process of translation. *Translated Poe* brings together 31 essays from 19 different national literary traditions to demonstrate Poe's extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world: translation. *Translated Poe* is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done. Rather, the volume demonstrates how Poe's translations constitute multiple contextual interpretations testifying to how this prolific

author continues to help us read ourselves and the world s we live in The examples of how Poe s works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book s focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe s translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature

Retrospective Poe José R. Ibáñez Ibáñez, Santiago Rodríguez Guerrero-Strachan, 2023-01-01 This book analyzes a range of Edgar Allan Poe s writing focusing on new readings that engage with classical and post modern studies of his work and the troubling literary relationship that he had with T S Eliot Whilst the book examines Poe s influence in Spain and how his figure has been marketed to young and adult Spanish reading audiences it also explores the profound impact that Poe had on other audiences such as in America Greece and Japan from the nineteenth to the twenty first century The essays attest to Poe s well deserved reputation his worldwide legacy and his continued presence in global literature This book will appeal particularly to university teachers Poe scholars graduate students and general readers interested in Poe s oeuvre
