Narrative Intellection In The Decameron:

Narrative Intellection in the Decameron Stavros Deligiorgis, 1975 The Decameron Third Day in Perspective Francesco Ciabattani, Pier Massimo Forni, 2014-03-21 Divided into ten days of ten novellas each Giovanni Boccaccio's Decameron is one of the literary gems of the fourteenth century The Decameron Third Day in Perspective is an interpretive guide to the stories of the text's Third Day For each novella a distinguished Boccaccio scholar offers an essay that both reviews the current scholarly literature and advances new and intriguing interpretations of the work The whole collection reflects the series's guiding principle of examining the text in perspective revealing the connections among the novellas the Days and the framing narrative that holds the whole Decameron together The second of the University of Toronto Press's interpretive guides to Boccaccio's Decameron this collection forms part of an ambitious project to examine the entire Decameron Day by Day

Popes, Canonists and Texts, 1150-1550 Kenneth Pennington, 2024-10-28 Several different approaches to medieval legal history are evident in these articles The first group uses law to investigate the principles that governed society whether clearly articulated or not and to ask how the intellectual structures of the *ius commune* affected the institutions of government and the presuppositions of the people The second group of articles illustrates the importance of returning to the manuscript sources of later medieval texts rather than relying on the early printed editions In both parts Professor Pennington also focuses on the lives of individual jurists contending that these provide a key to the understanding of their thought their position in society and the connections between the two One of these articles is published for the first time here while a number of others have been revised and updated for publication Plusieurs approches différentes l'histoire légale du Moyen Âge sont reflétées au travers de ces articles Le premier groupe se sert de la loi pour explorer les principes qui gouvernaient la société que ceux-ci soient clairement exprimés ou non et afin de demander comment les structures intellectuelles de l'*ius commune* affectaient les institutions gouvernementales et les présuppositions du peuple Le second groupe illustre l'importance du retour aux sources manuscrites des textes médiévaux tardifs plutôt que de se fier des impressions anciennes Au travers des deux parties du volume le professeur Pennington se concentre aussi sur la vie de certains juristes avant qu'il s'agisse d'une des clefs permettant de comprendre leur pensée leur place dans la société et le rapport entre ces deux facteurs Un des articles est publié ici pour la première fois alors qu'un certain nombre d'autres ont été révisés et mis jour pour leur réimpression A Study Guide for Giovanni Boccaccio's "Federigo's Falcon" Gale, Cengage Learning, *Ethnicity and Self-identity* Paul Maurice Clogon, 2002 *Medievalia et Humanistica* No 28 contains five original articles exploring topics ranging from medieval ethnicity and self identity to little known documents in fifteenth century Italy In addition to the articles fourteen review notices examine recent publications in medieval and early modern studies **Old Age in the Middle Ages and the Renaissance** Albrecht Classen, 2012-02-14 After an extensive introduction that takes stock of the relevant research literature on Old Age in the Middle Ages and the early modern age the contributors discuss the

phenomenon of old age in many different fields of late antique medieval and early modern literature history and art history Both Beowulf and the Hildebrandslied both Wolfram von Eschenbach's Parzival and Titivolt both the figure of Merlin and the trans European tradition of Perceval Peredur Parzival then the figure of the vetula in a variety of medieval French English and Spanish texts and of the Old Man in The Stricker's Daniel both the treatment of old age in Langland's Piers the Plowman and in Jean Gerson's sermons are dealt with Other aspects involve late antique epistolary literature early modern French farce in light of Disability Studies the social role of old impotent men in sixteenth and seventeenth century Netherlandish paintings and the scientific discourse of old age and health since the 1500s The discourse of Old Age proves to have been of central importance throughout the ages so the critical examination of the issues involved sheds intriguing light on the cultural history from late antiquity to the seventeenth century
