Cumulated Index to the Books ,1999 **The Cumulative Book Index** ,1999 **Passenger Ships of the Irish Sea, 1919-1968** Laurence Liddle,1998-01-01 In this work the author describes the passenger ferry routes across the Irish Sea and the ships that operated them from the end of World War I right up to the roll on roll off ferries of more recent years The author was a regular traveller on these routes and writes with first hand knowledge of his subject He evokes a more leisurely age when passenger travel to and from the ships was usually by train rather than by car Irish Sea Shipping Brian Patton,2007 A survey of services and vessels working in the Irish Sea and the coast of Ireland from the 1870s to the 1970s

Irish Sea Shipping Publicised Robert N. Forsythe,2002 A history of Irish Sea shipping **The Irish Sea** Michael McCaughan,John Appleby,1989 These essays range in time from the Viking age to the present day and include studies on trade shipping shipbuilding fishing and smuggling besides consideration of the geographical context and sources for regional maritime history Dust jacket **Ships from Ireland to Early America, 1623-1850** David Dobson,1999 David Dobson sets out to overcome some of the obstacles facing North Americans attempting to trace ancestors in Ireland prior to 1820 Researchers with colonial Irish ancestors must contend with the fact that no official records of arriving immigrants exist for the United States prior to 1820 nor prior to 1865 in Canada On the other hand if the researcher can establish that an immigrant ancestor lived in or near a certain port of entry at a particular time he may be able to jump the Atlantic by utilizing the records of the very vessels known to or likely to have transported passengers from Ireland to North America between 1623 and 1850 Modeled after a similar volume compiled by the author for Scottish vessels of this era Ships from Ireland to Early America is an alphabetically arranged list of 1 500 vessels known to have embarked from Ireland to North America For each vessel we learn the dates and ports of embarkation and arrival and the source of the information and frequently the number of passengers and the name of the ship's captain In the compilation of the volume Mr Dobson combed through contemporary newspapers government records in Great Britain and North America and a small number of published works The author's sources are itemized and coded at the front of the volume where the reader will also find an informative essay on the conditions of colonial transportation to North America While Mr Dobson makes no claims as to the comprehensiveness of this list of Irish vessels he has nonetheless assembled another groundbreaking work on a subject of great importance to American genealogists **Sea Breezes** ,2002 Irish Passenger Lists, 1803-1806 Brian Mitchell,1995 Except for the brief period from March 1803 to March 1806 no official registers of passengers leaving Irish ports were ever kept The exception refers to lists contained in the so called Hardwicke Papers now located in the British Library London Altogether some 4 500 passengers are identified in the 109 sailings recorded in the Hardwicke Papers most cited with their all important place of residence Although Dublin was the most popular port of departure the three northern ports of Belfast Londonderry and Newry accounted for 61% of the sailings New York was far and away the most popular destination with

Philadelphia running a reasonable second The Hardwicke lists only fragments of which have ever appeared in print as transcribed by Brian Mitchell now fill a significant gap in the records since in many cases they will prove to be the only record of an ancestor s emigration to the U S
