Masters And Slaves In The House Of The Lord:

Masters and Slaves in the House of the Lord: Race and Religion in the American South, 1740-1870 John B. Boles,

Masters & Slaves in the House of the Lord John B. Boles, 1988 Much that is commonly accepted about slavery and religion in the Old South is challenged in this significant book. The eight essays included here show that throughout the antebellum period southern whites and blacks worshipped together, heard the same sermons, took communion and were baptized together, were subject to the same church discipline and were buried in the same cemeteries. What was the black perception of white controlled religious ceremonies? How did whites reconcile their faith with their racism? Why did freedmen as soon as possible after the Civil War withdraw from the biracial churches and establish black denominations? This book is essential reading for historians of religion in the South and the Afro American experience. Colossians, Philemon Ernest D. Martin, 1993-06-04 Ernest D. Martin takes Bible students into the rich text of the letter to the church at Colossae and the highly personal letter to Philemon. Martin draws on his experience as pastor, teacher and writer to engage the reader in the complexities of the text. All the while he focuses on a Christ-centered biblical theology and the amazingly relevant pastoral concerns that shaped these letters. In commenting on Colossians, Martin highlights a wholistic Christology in contrast to the past and present perversions of the gospel. In the section on Philemon he draws attention to the social implications of the koinonia of faith for the servants of Jesus Christ **Oxford House Papers**, 1891
